HISTORY OF AURORA LODGE

Introducing Former and Present Knox County Citizens.

A Small Installment of Lodge History and a Big Batch of Brief Biographies, Some of Them of More Than Passing Interest—Old Residents of Rockland Whose Memories Are Brought Back.

IX.

OFFICERS were elected as follows, Jan. 6, 1892: C. E. Meservey, W. M.; Cyrus L. Gahan, S. W.; J. Fred Hall, J. W.; Leander Weeks, Treasurer; L. S. Robinson, Secretary, H. C. Day, Chaplain; John T. Lothrop, Marshal; Stephen H. Cables, S. D.; C. E. Moody, J. D.; F. H. Sweetland, S. S.; Frank Barker, J. S.; Fred S. Sweetland, Tyler. Jan. 20 these officers were privately installed by R. W. Mark D. Ames, D. D. G. Master assisted by Wor. Br. Frank C. Flint as marshal.

Jan. 6 the lodge voted to pay the bill of the Masonic Board of Relief of San Diego, Cala., $172.38 for relief of family and funeral expenses of a worthy brother of Aurora Lodge.

Feb. 3 the by-laws were amended making the life membership fee $20 instead of $10. On this same date Henry C. Day, P. M., was made an honorary member.

At the stated meeting in April the following resolutions were adoped:

Whereas by a dispensation of our Supreme Grand Master the last of our charter members, Brothers John Tolman and James Crockett, have been translated from this imperfect to that all perfect glorious and celestial lodge above, where the Supreme Architect of the universe presides, therefore be it

Resolved, That in the death of Brothers Tolman and Crockett, whose memory we revere and whose loss we deplore, Aurora Lodge has lost firm and conscientious supporters who were instrumental in founding a lodge which is our guide and an honor to the Craft,

Resolved, That in the death of these, the last charter members, who as speculative Masons builded better than they knew, and who lived to see their fondest hopes realized in the continuous growth and prosperity of Aurora Lodge, we are reminded of that better part which shall survive the grave, it being the inspiration of that great Divinity which we all adore, and being the nearest resemblance to that Supreme Intelligence which pervades all nature, and can never, never, never die;

Resolved, That a page be set apart in our records and inscribed to the memory of our departed brethren;

Resolved, That a copy of these resolutions be sent to the near relatives of our deceased brethren.

SIGNED
C. E. MESERVEY, W. M.
L. S. ROBINSON, Sec.

Sept. 7 the Worthy Master was instructed to appoint a lodge historian to serve without compensation until his successor be appointed.

The financial report for the year showed cash and bank stock to the amount of $3097.15. During this year 18 meetings were held, 8 initiated, 7 passed, 4 raised, 4 demitted, 1 rejected, 3 affiliated, 16 suspended.

BOARD OF AGRICULTURE

The term of Obadiah Gardner, Knox County member of the State Board of Agriculture, expires this fall and a successor must be chosen to come from the North Knox Society. Willis A. Luce of South Union is mentioned, and will probably be the man. He is one of the best known and best informed fruit men in the state, and as there is no fruit man on the Board he would make a very valuable member.

He is in every way qualified to fill the position satisfactorily.

SHAW BUSINESS COLLEGE.

The interest of the late R. B. Capen in the Dirigo Business College of Augusta, Me., having, by purchase, come under the same control as the Shaw Business College of Portland, it will be reopened on Monday, Sept. 17, under the charge of Walter F. Foss. Mr. Foss has been an instructor in the Shaw Business College since his graduation there from in the Fall of '91, and has met with marked success. He will be assisted by a corps of teachers amply adequate to the demands of the business.

His squashes and onions are exceptionally fine——The residence of Capt. Henry Pearsons is being repaired.

Mr. Landes, the new High School principal, is already popular with the students——William Weeks leaves this week for Ellsworth where he will take charge of the American House. The hotel has 45 rooms.

C. E. Havener's Standard Bottling Co. team had a break down in front of The Thorndike, Friday noon and one hind wheel went all to pieces. "What caused that?" queried the genial Charles. "The hub spoke to the felloes and said it was tired and was going to lie down and rest" said Councilman Austin who witnessed the catastrophe.

This week occurs the stated monthly meeting of the bodies in Masonic Hall. Last evening Claremont Commandery when the Order of the Temple and Order of Malta were confirmed. Tomorrow evening Aurora Lodge No. 50 F. & A. M. There will be work on the second and third degrees Thursday evening King Solomon Chapter No. 8, R. A. M. Work on the Mark degree. Friday evening King Hiram Council No. 6 R & S. M. The Masonic Mutual Relief Association also meets at the same place Friday evening. this is an adjourned meeting and at this time the committee chosen to consider the advisability of changing the by-laws so as to do away with the graded assessment plan will report. The committee have not announced whether they will report in favor of the change or not. The matter is in able hands and will probably be fully presented in the report of committee.

THEY SAY

That in about 45 days we shall know the complexion of the next congress——That it must be discouraging to a judge to see his court docket lengthening instead of shortening——That it must be encouraging to the lawyers to see the court docket lengthening instead of shortening——That Friday was a lovely autumn day——That the days will decrease in length for two months longer——That we should adapt ourselves to the weather since we cannot adapt the weather to ourselves——That if you can't do what you would, do the next best thing——That the best way to bake apples is, first to get them, then cut the stems, cores and blows out with an old tin coffee pot nose, put them in a pan, hole side, or end down, fill the hole with McKinley sugar, and bake until done. They are just good.

That it must have been quite awhile ago that Capt. Samuel V. Ames one Sunday in March they think, with two yoke of oxen hauled two cords of wood to Minister Fessenden's, through Main street. Mr. Fessenden then lived in what is now the House of the Good Shepherd.

That some of the houses on Broadway are to change ownership——That the drunk of the Newfoundlanders is going to be an expensive job to the County of Knox——That the fields look very green for the season——That now is the time to buy your winter flour, and to give the House of the Good Shepherd some too—That people generally don't take into account that the columns of a newspaper are the stock in trade of the proprietors.

That they print their papers for the same reason that the merchant buys and sells his goods, to get a living out of the business——That government bonds are appreciating 1.15 now for fours——That there was a time within the memory of the oldest inhabitant when the best flour cost $22 a barrel at wholesale.

That when Professor Eaton wrote the history of Thomaston, Rockland and South Thomaston this city subscribed for 100 copies in order to help the professor to get it published. If not all sold a copy might be given to the Public Library.

That it is a pity that the old books of the East Thomaston private library couldn't be found and placed on the shelves of the Public Library. The last we knew of them they were in Hermon Steven's law office. Perhaps Dr. Cook might know about them.

SPORT AND PASTIME.

There are many base ball patrons in Portland who believe a State League could be run successfully. And why not? A good circuit could be made up of Portland, Biddeford, Lewiston, Augusta, Bangor and Rockland. Each city has a good local talent from which to draw. With a moderate salary limit the expenses could be kept down and with evenly matched clubs the people of the several cities would see as good ball as furnished them by the New England League series. Then there would be the local rivalry as an added incentive. The Massachusetts "magnates" seem to look with favor on having the New England League circuit restricted to cities outside of Maine, and why would next season not be an auspicious time to try a Maine State League.—Portland Argus.

The rooms of the association have been a rallying point for many young men since the re-opening. An average of over 100 have daily visited the rooms. Every young man in the city should call and see the equipment.

Among all the attractions you can find something that will interest you. New features are to be added that will make the Young Men's Christian Association a rendezvous for the young men of this city; where clean fun can be found. Now is a good time to join. No red tape about it. You pay the money. We do the rest. It is the same way with those who have been members before. Some are already coming in and "pressing the membership button." Isn't it your turn?

A grand gymnsaium rally is among the first numbers on the program of coming events. It will occur Saturday evening, Oct. 6. An interesting program to young men will be given. Plans for the coming season will be talked over and the time for classes announced. Spread the news! The signal is up! Clear the track for the muscular men! All men interested in gymnastics invited! Watch for more news about the gymnasium. A good number of men are enjoying the men's mass meeting every Sunday at four o'clock. Come next Sunday and see how you like it!

ANSWERS TO CORRESPONDENTS.

T. A. H.—The amount of bonds issued by the Rockland, Thomaston & Camden Electric Railroad Co. is $250,000, and under date of June 30, 1893, the amount outstanding was $151,400. Since that statement was made up the Thomaston and Rockland Highlands extensions have been built and it's our impression that the whole amount, $250,000, has been sold.

SUBSCRIBER.—Dr. S. H. Boynton moved to Los Angeles, Cala., and now resides there Mrs. Boynton visited in Rockland the past summer.

J. H. M.—"Whoever unlawfully kills a human being in the heat of passion, on sudden provocation, without express or implied malice aforethought, or commits manslaughter as defined by the common law, shall be punished by imprisonment for not more than ten years, or by a fine not exceeding one thousand dollars." Revised Statutes, Chap. 118, Sec. 5.

A large audience … Farwell Opera House … enjoy the presentation … one of McDonald, Barnabee … panies. The fine music of … the overture gave the expectant … foretaste of the treat to follow, and … curtain rose they were all in good … The magnificent chorus captured the audience from the start, and all through the opera it did splendid work, especially the male choruses, "The Tinkers" being one of the most taking numbers of the evening.

Basiel Stetson as "Little John" was very satisfactory, his "Brown October Ale" honestly earning its encore, while Louis Casavant as "Will Scarlet" was fine. Mary Palmer as "Allan-a-Dale" was one of the favorites, but Miss Maud Ulmer as "Maid Marian" was the bright particular star of the evening. From her first appearance to the fall of the curtain she centered the interest of the audience and was given an ovation that she must have appreciated. In the second act she was the recipient of many floral offerings, among them being a magnificent basket of flowers from the Philharmonic Society, of which Miss Ulmer is an honorary member. It was but natural that she should be warmly received here, but the little lady was entitled from an artistic standpoint to the many recalls given her. She was in splendid voice and sang beautifully.

After the performance some of our musical people were permitted to meet Miss Ulmer and other members of the company at the home of W. A. Hill, Lincoln street.

SOCIAL SIDE.

Some of the Occurrences That Help Brighten the Monotonous Humdrum of Life.

New old maid is a new and popular game of cards.

The marriage intentions of Leonard E. Tripp and Mabel, daughter of William T. Orbeton, both of this city, are on file at the city clerk's office. The marriage will occur the present month.

The marriage of Alice, daughter of Mr. and Mrs. Andrew J. Hall, to Fred A. Healey takes place one week from tomorrow at the bride's residence on Gay street. Numerous invitations have been issued for the reception which follows between the hours of 9:30 and 11 a. m.

A new game which is proving popular for social gatherings is a revision of the old character game. Each member of the party has pinned to his or her back the name of the character to be represented, and then the name of the character must be ascertained by asking questions of the rest of the company.

HORSE HAIRS.

Here is the way the last eight seconds have been clipped off the trotting record since 1880, when Rarus made a mile in 2:11¾. In the same year Rarus reduced his record to 11¼, while Maud S. cut it down to 10¾ and to 10¼ in 1881. It was not until 1884 that Jay-Eye-See reduced the record to 10, which was lowered to 9¼ the same season by Maud S., and to 8¾ the following year by her. In 1891 Sunol cut it down to 8¼, and in 1892 Nancy Hanks scored 7¼. Last year she reduced the record to 4, and now Alix makes it 3¾. It has taken 14 years to lower the record eight seconds, and it is pretty safe to say that the present century is going to make it two minutes flat.

THE RAILROADS.

Something Regarding the Knox & Lincoln, Georges Valley and Wiscasset and Quebec.

The morning train out of Rockland leaves at 8:10 and not at 8:25 as has been stated——James, Will and Edw. Mitchell have the contract to lay the ties and steel on the Wiscasset & Quebec Railroad from Wiscasset to Burnham, and they are working out from Wiscasset——The Georges Valley Railroad is putting in its Winter coal——The personnel of the Georges Valley is as follows: Conductor, J. A. Mitchell; engineer, J. E. Mitchell; fireman, Sandy Johnson; agent at South Union, Elden Burkett; agent at Union, Capt. J. W. Jones.

The captain … a dinner for the shovel which he … would take. The captain said he'd tell … when dinner was ready. The fellow went down in the hold, where we stayed in the night and went to playing cards with Jim Clark and some others.

"I was leaning over the rail for I didn't feel very well. The tug had come out and found us and hooked on to us again. Bye and bye the captain came along and slapped me on back and said: 'Go down and get your dinner.'

"I was kinder surprised, but did not wait for a second invitation. Down I went … the first square meal I'd had for … a month. You know butter and … bread wan't army rations by a ——sight. … wasn't much left when I got through. I … up and sat down on deck and watched the tug pulling and pulling at the hawser, and the northwest gale blowing the spray over the bows while the boys played cards below, and laughed and sang. Then I went down and told them I guessed the captain had got converted in the storm for he'd given me a first-class dinner. Up jumped Mr. Blank and said they owed him a dinner.

"Meeting the captain at the companionway he asked him if it wasn't about time for dinner. The captain looked at him and said; 'How many dinners do want? You've eaten more'n four common men already!' They had quite a jaw, but Blank didn't get anything to eat, so he came down and was going to lick me. Most any other time I could … the stuffing out of him, but I didn't … then, and the other boys kept him off. They tormented the life out of him. He never noticed me after that. … in Rockland now—and we never speak … pass by."

Charles sauntered off to the other side of the boat, whistling 'Annie Laurie,' and a man close to the reporter turned red to the roots of his hair and said, "That's a d—n lie."

DIVORCES DECREED.

The following divorces were decreed Saturday:

Minnie Thomas from Frank E. Thomas for drunkenness and cruel and abusive treatment. Libellant to have leave to visit her child at all proper times. Parties of Warren. Staples for libellant.——Acsah Stevens of Washington from John Stevens of Rockland for utter desertion. Staples for libellant.——George Witham of Washington from Mary A. Witham of Rockland for adultery. Staples for libellact.——Abbie G. Miller of Rockland from Alton L. Miller, residence unknown, for utter desertion. Walker & Payson for libellant.——Syana Sharri of St. George from Matti Sharri residence unknown, for utter desertion. Fogler for libellant.——Lottie A. Morang from George Morang both of Camden, for cruel and abusive treatment. Fogler for libellant.

Other divorces decreed as follows: Angus W. Beaton from Ida M. Beaton, both of Rockland, for adultery. Beaton & Ulmer for libellant.——Clara Booth of Appleton from Charles S. Booth of Boston, for desertion. Bliss for libellant.——Annie E. Eldridge from Ronello A. Eldridge both of Camden, for cruel and abusive treatment. Custody of minor child decreed to mother. The matter of alimony was arranged by the parties. Pierce for libellant, Montgomery for libellee.

The trial of Lawrence J. Flaherty for manslaughter began yesterday morning and bids fair to last into Wednesday. Flaherty upon being arraigned Saturday afternoon pleaded not guilty. County Attorney Kalloch is conducting the case for the state and S. Thayer Kimball for the defense. The state's opening lasted little over half an hour. County Attorney Kalloch admitted that it was a close case but expected that the evidence would prove Flaherty's guilt. The case is being heard by the second jury. The following witnesses were examined yesterday: City Marshal Crockett, Capt. Everett L. Twisden, John, the Dutchman, John Roche, David McDonald, Patrick Cahill, John Lee, Officers Meservey and Yeaton and Undertaker Burpee. But one vital point seems to have been adduced from their testimony. Flaherty wore the shoes which made the inprints on the skull of Walter Powers, the murdered man. The state was continuing its examination when we went to press.

Other criminal matters in brief are as follows: Bailey Grinnell was discharged from jail Saturday after an imprisonment in jail of six months for liquor selling. Two other cases against him were nol prossed——The following cases were also nol prossed: State vs. Lewis E. Marsh, single sale; State vs Elijah H. Handley, search and seizure; State vs. John A. Gott, violation of fish law; State vs. Charles S. Coombs, common nuisance; State vs. George W. Richards, drunkenness; State vs. Orrin Benner, intoxication; State vs. Charles H. Clark, illegal transportation of intoxicating liquors; State vs. John L. Thomas, common nuisance; State vs. Cordelia B. Ferguson, maintaining a nuisance, two cases; State vs. Joseph Moore, breaking and entering; State vs. Bailey Grinnell, common nuisance; State vs. William Weeks, common nuisance.

In the case of State vs. Harriet Coombs, nuisance, the papers were quashed——In the case of State vs. William Demons, larceny, principal and sureties defaulted, continued——State vs. John Clark, larceny, continued for sentence——State vs. Owen B. Long, search and seizure, continued, defendant being in hospital in Portland——State vs. Charles S. Coombs, search and seizure, continued, defendant in jail. State vs. Charles S. Coombs, common nuisance and common seller, continued for same reason——State vs. George A. Lynde, Fred S. Lynde and William A. Lynde, appts., search and seizure, exceptions withdrawn——State vs. George A. Lynde and William A. TWO RECEPTIONS.

Rev. John Pettingill, General Secretary Cotton and Their Brides Given a Warm Welcome.

A large party of Sir Knights of Claremont Commandery, with ladies, were received at the home of Rev. John Pettingill and bride, Bay View Square, Thursday night. Dr. W. A. Albee presented the guests and in an informal speech presented host and hostess a number of pretty gifts. It was extremely pleasant and made Mrs. Pettingill feel that she was just as welcome in Rockland as her husband has proven himself popular.

The reception to General Secretary E. C. Cotton and wife took place in the Congregational church and vestry Friday and was a delightful social success. Rev. F. J. Bicknell presided and warmly welcomed Mr. Cotton in behalf of the association. Rev. C. W. Bradlee extended the right hand of fellowship for the churches of the city, Mayor F. C. Knight in behalf of the city and General Secretary R. A. Jordan of Bangor the State Associations. Secretary Cotton feelingly responded and promised to do good earnest work for our Young Men's Christian Association. In the vestry the guests were presented to Mr. and Mrs. Cotton by E. H. Lawry. Light refreshments of cake, coffee and cocoa were served.

'NOTHER CURIO.

T. S. Vose had added to THE C.-G. curio collection a piece of Thomaston's first water pipe. Originally it was a pine log but with a one and one-half inch bore was laid by Gen. Henry Knox and did duty until the Camden & Rockland Co's pipes were laid. The section which Mr. Vose hands us is in a very fair state of preservation despite the fact that it has been under the ground well nigh a century

THREE SPEAKERS

Discussed Temperance at the First Baptist Church Wednesday Night—What They Said.

Dr. L. F. Bachelder presided over the third mass temperance meeting held in the First Baptist Church Wednesday evening. The First Baptist Choral Association furnished music and the speakers were General Secretary Cotton of the Y. M. C. A., Revs. John Pettingill and Austin Taylor.

None of the speeches were lengthy and none of the speakers attempted oratory, but they shoved cold facts at the audience in a way that set many a-thinking. Mr. Cotton adapted his remarks mostly to young men and the effects of intemperance upon them.

Mr. Pettingill argued that there would be no cessation of the evils of intemperance until there was a stronger moral backing. He said that if two-thirds of the citizens should declare that liquor should not be sold there would be none with the courage to attempt it.

Rev. Mr. Taylor in an impromptu speech told of the sufferings caused by the use of strong drink and spoke of the need of emphatic and concerted action.

It was a very harmonious meeting.

ON TRIAL.

The Case of Joseph Dunham for Attempted Train Wrecking—What the Law Provides.

Joseph Dunham of this city has been indicted at Skowhegan for attempted train wrecking in connection with a companion, one Thomas Gregg. The alleged crime was committed near Pittsfield last July. The case is now on trial. County Attorney Hovey conducts the prosecution and Forest Goodwin, esq., the defence. Judge Walton presides.

The penalty for such a crime is as follows: "If human life is endangered and not destroyed or if property is injured by the placing of an obstruction on the track of a railroad the party guilty of the same shall be punished by imprisonment and hard labor during life or for not less than ten years."

the convention Wednesday after-
Mrs. Helen M. Barker of South
kota was the speaker of the evening. She
is treasurer of the National W. C. T. U. Her
address was brilliant and pungent.

Thursday forenoon was occupied with routine reports, the report on Woman Suffrage being received with great enthusiasm.

Thursday afternoon was marked by the presentation of Lady Henry Somerset to the convention. Her remarks in the afternoon and address in the evening were eloquent and awakened the greatest enihusiasm. In the evening Mrs. Clara Hoffman of Kansas City, Mo., also delivered an address, one of the brightest and ablest discourses of the convention.

The following officers were elected: President, Mrs. L. M. N. Stevens, Stroudwater; corresponding secretary, Mrs. Sarah Lord Cram, Biddeford; recording secretary, Clara M. Farwell, Rockland; assistant recording secretary, Mrs. A. S. Johnston, Fort Fairfield; treasurer, Mrs. E. M. Blanchard, Lewiston.

There was a delegation of 16 present from Knox county. Rockland Union was represented by the following: Mrs. R. C. Hall, Mrs. G. M. Brainerd, Miss Clara M. Farwell, Mrs. Sarah K. Taylor and Mrs. Abbie R. Hall.

Mrs. Clara Hoffman Sunday afternoon in the First Baptist church and Sunday evening in the Methodist church delivered two very able temperance addresses. Mrs. Hoffman is a ready speaker with an abundance of wit and convincing logic at command, and she delighted two large audiences. She spared not the men, but they, though hard hit, could not but admit the force and truth of her argument.

Of Limerock street John A. Lee serves dinners and lunches that will make you smile. His reputation for cooking oysters is away up. You don't have to wait.

THE MILLINERS.

Mrs. N. B. Dunton, Ulmer Block, and John R. Frohock, Union Block, will have their millinery openings this week. Mr. Frohock's opening will occur Thursday and Friday, and Mrs. Dunton's Friday and Saturday. From an advance look at some of the novelties prepared we would say to THE C.-G.'s lady readers that they will miss a treat if they fail to attend these millinery exhibits. The days are Thursday, Friday and Saturday.

DIED IN CHICAGO.

Arthur Holmes died in Chicago Tuesday night, Sept. 25, and was buried Thursday under the auspices of the Sons of St. George. The cause of his death was congestion of the brain. He was taken suddedly ill at the office where he worked, Sept. 8, and for a day or two seemed to improve, but had a relapse, and was delirious the last five or six days. He was about 35 years old, and leaves a wife and child ten years old. He was a member of Rockland Lodge, F. & A. M., and Nahanada Tribe of Redmen.

He had been in Chicago three years. Mr. Holmes was for some time book-keeper of the Rockland Beef Co.

BE PATIENT.

The Library Can't Be Opened Very Well Until the Books Put In an Appearance.

There seems to be a mistaken idea about the time of opening the public library. The rooms have been finished and put in readiness for business, but only a small portion of the books have arrived, and the remainder will come in small lots all through October. Then, too, there is an almost endless amount of work necessary in properly cataloguing and arranging the library. The books will not be ready for takers before November at the earliest. Miss Burbank, the librarian, is being assisted in the work by Mrs. Josie Young Baker and Miss Augusta Sherman.

Books have been given the library by Senator Eugene Hale, Dr. F. R. Adams, Dr. R. B. Miller, James Beggs and others.

CARTRIDGES EXPLODED.

And Our People Turned Out in Haste to See Prescott's Big Grocery Store Burn.

The building at the foot of Sea street owned by Davis Tillson and used by S. G. Prescott & Co. as a grocery, flour and coal store was burned about 12.15 o'clock Thursday morning. The origin of the fire is a mystery.

A night watchman saw the smoke and pulled the string. Later a general alarm sounded and the department was doing good work. Building and contents were almost a total loss. The explosion of cartridges kept in the stock caused excitement and alarm in the audience.

Prescott & Co. had $8000 insurance on their stock and fixtures, $2800 with Cochran, Baker & Cross, and $5200 with A. J. Erskine & Son. This about covers the loss. The firm is at present located in their branch store, Quincy market, on Main street. Gen. Tillson had $2200 insurance on the buildings with A. J. Erskine & Son. The buildings were valued at about $3000.

Amusements and Announcements.

The auxiliary to the Charitable Associatio will meet with Mrs. H. N. Keene, Claremont street, next Monday.

The regular rehearsal of the Wight Philharmonic Society will occur next Thursday evening at eight o'clock Members should bear in mind that under the new rules absence from three consecutive rehearsals without good cause forfeits their membership. Those who are in arrears for dues should take money with them.

Billy Gray of Aunt Sally Company who appears in Farwell opera house next Friday evening, Oct. 5th tells the following one on himself:

When I was courting my wife, I called one evening, after "I had left some of the boys." I placed my hand on my heart and said, "Mary, you cannot imagine what a terrible load I carry, and yet give no sign to the world."

She turned away her head.

"Believe me," she faltered, "the world knows."

A subtle something in the way she raised her handkerchief to her face impelled me to surreptitiously take another clove or two. Tickets now ready at the box office.

U. S. CIRCUIT COURT

Legal Cases In Which Rockland People Have More Than An Ordinary Interest.

Matters of much interest have been transpiring before Judge Webb in the U. S. Circuit Court at Portland the past week.

In the case of Isaac M. Grant of Ellsworth against Israel Snow & Co., of Rockland, concerning the collision between the schooners Addie E. Snow and Python, a decision has been handed down finding for the defendants. The counsel for the defendants were Mervyn A. Rice of Rockland, Harrington Putnam of New York and E. W. Freeman of Portland. The counsel on the other side were Benj. Thompson of Portland and F. Bird of Boston.

Hon. C. E. Littlefield has been before the court appearing in behalf of Maurice F. Moore who brings action against Capt. Andrew J. Hall for the loss of both thumbs, said to have been due to defective hoisting machinery. The accident took place at a North End wharf about a year ago and Moore was under Marine Surgeon Adams' care. The jury rendered a verdict for the defendant.

NEW ENGLAND CLOTHING HOUSE

Men's, Youths', Boys' and Children's

Overcoats, Ulsters AND Reefers!

The sale of Overcoats and Ulsters at the New England Clothing House last Fall and Winter was absolutely enormous, which was owing, no doubt, to their immense Stock and the Low Prices placed on each garment, that made almost every visitor to this House in need of an Overcoat or Ulster a purchaser.

The New England Clothing Co. believes that during the coming Fall and Winter they can equal, if not increase their Great Sale of last season, as they have lately opened the Largest Stock of Overcoats and Ulsters of every desirable Style, Quality and Shade ever placed on their counters, and have : :

More Genuine Bargains Than Ever Before!

Those who are in need of a good, warm, durable Overcoat or Ulster, will positively find here the Largest Variety to select from, at Unequalled Low Prices.

Children Cry for Pitcher's Castoria.

ECZEMA From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. I take since become a user of S. S. S. for skin diseases, and have never yet known a failure to cure. D. W. IRWIN, Irwin, Pa.

The Kind That Cures

Dyspepsia, Rheumatism, Female Complaints, Nervous Prostration, La Grippe, Blood, Nerve, Kidney, or Skin Troubles.

Gained 27 Pounds.

The case of E. G. PERRY, of APPLETON, ME., attracted a great deal of attention in Eastern Maine. His disease was pronounced to be Bright's Disease of the Kidneys, and no hope for him. In his extremity he tried DANA'S, which completely CURED him. In a few weeks he gained 27 pounds.

Constipation and its Evils.

MR. EDWARD DAVIS, late Quarter Master in the U. S. Navy, now of FRIENDSHIP, ME., was a used up man from Constipation and Chronic Complaints arising therefrom. Nothing he took gave more than temporary relief, until he heard of DANA'S. That reached the cause of the trouble, and made a sound man of him.

Physicians Recommend DANA'S.

MRS. F. A. WENTWORTH, of WASHINGTON MILLS, ME., suffered many years with complaints peculiar to her sex, and was given up to die, as nothing helped her. Her physician, Dr. TRIBAN, advised her to try DANA'S. Six bottles made her well, strong and happy.

Children Cry for Pitcher's Castoria.

The 26th annual fair of the North Knox Society was held at the driving park in Union, last week, beginning Tuesday. The weather all through the fair was fine, withal a little chilly, and the attendance was the largest in the history of the society. The exhibit was of unusual excellence, although there have been a greater number of entries in previous years.

THE CATTLE SHOW

Was held Wednesday with an average exhibit as to quantity, the quality being fully up to the mark. L. M. Rackliffe exhibited a yearling Holstein bull, with a white belt, that was nothing but a very little fellow at the last fair. He now girts 6 feet and is a beauty; Elden Gleason, yearling thoroughbred Jersey, raised by Gardiner Daniels, promising animal; E. H. Mero, handsome 17 months Jersey bull; George Gleason, yearling, grade Hereford; Rufus Linscott, Appleton, pair bulls, Holstein and Hereford, both fine animals, three years old, and girt 6 feet 5, getters of some fine calves.

There was an especially fine display in the 5-year-old class of oxen. Moses Gleason had on exhibition a very pretty pair that girted 6 feet 5 and 6 feet 3, well broken and handy workers; Sylvester Overlock, pair good ones, town team, 6 feet 4; W. E. Overlock, pair, town team, entered also for drawing, girt 6 feet 5, and very handy workers; A. R. Noyes, handsome pair, town team, well trained, girt 6 feet 5; Elbridge Carroll, pair big ones, town team, 6 feet 4, weighing close onto 2500; J. W. Law, big pair, town team, girt 7 feet 3; E. C. Gleason, town team, pair red, black and white, one 7 feet 2, other 6 feet 11; Charles Gleason, town team and beef oxen, girt more than 7 feet; F. A. Gleason, town team and beef, handsome blacks with white faces; Robert A. Jones, well matched dark

reds; William Mitchell, 2-year-old grade Herefords, 5 feet 7.

As usual the exhibit of dairy stock was good. C. W. Thurston had a herd of ten headed by a fine-looking 2-year-old jersey bull of registered stock, a getter of some very fine calves. The herd was made up of grade Durhams, Herefords and Holsteins, and six full blooded Jerseys, nice clean-looking cattle.

Royal Grinnell had a herd of seven, mostly Jerseys. There was one full-blooded Durham. Like Thurston's they were clean-looking animals; Willis Hayward, 8 head, some Herefords, one full-blooded Jersey, and one or two beef cattle, a handsome exhibit.

Willis A. Luce, herd of seven, headed by registered bull Leo and Ego, a fine 2-year-old bought in Fryeburg when a little fellow. He took the premium two years ago in his class. The herd is composed of handsome full-blooded Jerseys.

Other exhibits in this department worthy of note were the following: Bert Mitchell, pretty matched yearlings; Charles Burgess, three Jerseys and a grade; E. L. Daggett, Hereford and grade cows; E. L. Hills, yearling Jersey heifer; Roy Gleason, yearling grade Jersey heifer; C. C. Daggett, handsome 2-year-old Jersey; J. F. Bryant, nice pair steer calves, well matched; David Creighton, six months old Holstein, a black beauty; Minot Messer, 2-year-old steers, fairly well matched, girting some 5 1-2 feet; Samuel Norwood, 2-year-old steers, entered for best, 6 feet 1, good pair; Willard Leach, matched 2-year-olds, nearly white, nice pair; J. W. Law, Hereford bull and heifer, yearlings, the bull being a fine one; Fred Leach, matched oxen, white faces, clean appearing beasts; Zimri Jones, handy pair, matched 2-year-olds.

Very few swine were exhibited. Edw. Bowes had a sow and ten pretty pigs, White

CHESTER WHITE HOGS.

Chester stock, and Ethel E. Thurston sow and 12 nice pigs. The farmers might make this exhibit a very interesting one if only they would bring in their stock.

The sheep exhibit was not large but exceptionally fine in quality. Harry Grinnell had a pen of six plump looking muttons. One of the flock is a noted producer, having dropped nine lambs in three years. She has been known to have four lambs in one year. They are Oxford Downs. J. Frank Bryant and W. B. St. Clair showed fine Shropshire bucks, and Leroy Gleason a grade yearling. Charles Burgess had a pen of six sheep, nice looking ones, grade Shropshires with some South Down and Oxford Down blood.

Those of the county who have to do with sheep consider them a very profitable depart-

ment of farm stock. They are little trouble and expense, getting their own living most of the year. In the winter, of course, they require as much care as other kinds of stock. Last year Harry Grinnell from one sheep sold two ewes for $5 each, one buck for $4.50, and got some $2 for the sheep's wool, making a total of $16.50, which was not so very bad. Lack of pasturage is one reason perhaps that not more sheep are kept. Charles Burgess has 26 in his flock. Last year he sold 23 for $4.65 each, sold one buck for $10, and kept six good ones. Wool has been low this season, the lowest known, selling for 15 cents, but for the past few previous years it has been 20 and 22.

Silas Bryant has perhaps the most sheep of any Union farmer. He wintered 50 sheep and had 110 sheep and lambs when he put them in the pasture in the spring. He will probably get from these 300 pounds of wool. Last year he got about 60 pounds. Mr. Bryant has a fine farm of 150 acres at North Union.

There was a fine showing of poultry by J. W. Law, Will Ripley, C. E. Barnard, Charles Smalley, Walter Calderwood, H. E. Barnes and E. I. Daggett. Mr. Daggett handles poultry extensively. He has 350 hens, 35 geese and big flocks of ducks. He sells a great many eggs for breeding purposes and keeps only one strain of fowl. For hens he keeps the Plymouth Rock, the Essex and Drake strain. He thinks the Plymouth the best general purpose hens known. They lay well and when they are turned to meat yield double the smaller fowls. He thinks poultry yield more profit on the amount of money invested than anything else kept on a farm. Mr. Daggett's Plymouth

FOWLS WITH A PEDIGREE.

Rock stock has quite a reputation, and some of his stock, owned by a Brewer man, took first and second premiums at the Bangor fair. He keeps the Pekin ducks and Toulouse geese varieties. Last season he sold early in November a spring goose that weighed 16½ pounds. He had an old breeder in his exhibit at the fair that weighed 37 pounds, and a goose one year old that weighed 28 pounds. Geese are easy to take care of and of most profit of any fowl. When they come from the egg they go out on the grass and get their own living and it is not necessary to feed them untill fattening time. Five geese will yield about two pounds of feathers, which sell at from 75 cents to $1 a pound.

The horse department was fairly well filled, although bigger exhibits have been seen at North Knox.

James F. Bryant exhibited a four-year-old gelding of Knox blood, black with white streak in face, well broken and gentle disposition, is a good roadster and straight trotter.

C. C. Daggett's prize winner, which for several years has taken first money at the North Knox and Washington fairs, appeared this year in the gent's driving class. Was looking his best and attracted deserved attention.

S. L. Bills drove a handsome 9-year-old, sired by Gen. Lyon out of a Morgan dam. Is a sorrel and trotter.

M. Wentworth, family horse, seven years old, of Percheron stock, excellent disposition, good roader and a perfect lady's horse; H. S. Hills, family horse, seven years old, black, Fox and Old Drew blood, an exceptionally nice driving mare; Lyman Frye, gelding, family horse, smooth limbed, a pretty bay; John Gurney, valuable family horse, black; W. L. Barrows, family mare, sorrel light mane and tail, seven years old, good driver; Myron Wentworth, young family horse from the west, bay gelding, good action and speedy; L. C. Johnson, nice looking family horse; David Cummings of Appleton, good bay family horse.

There was some excellent draft stock on exhibition. E. L. Gregory of Warren had a big 2-year-old after W. N. Ulmer's Rufus Rand, out of a Percheron and Clydesdale mare. He weighs 1000 pounds, and the first time he was hitched into a plow he worked as steadily as an ox. He is a fine-looking animal but not as plump as he would have been had he not just recovered from a severe sickness. Mr. Gregory also has a fine yearling after the big Rufus, but did not exhibit him.

Charles Burgess showed a stout yearling, Clydesdale stock, and two 3-year-olds, all very stocky, powerfully built animals.

Lewis Gould, matched pair gray horses, one of Nelson and the other western stock, 5-year-olds and an exceptionally fine pair, barring the fact that the Nelson horse needed fattening; Minot Messer, draft stock yearling, good size, roan, with pink ribbon on its forehead; A. O. Ripley, yearling, driving stock, with crimped mane and tail, promising little fellow; L. D. Carroll, 3 year-old, Clydesdale draft stock, stands 16 hands, weighs 1250 pounds, gelding, fair driver, stout puller and perfect disposition; J. F. Bryant, fine matched horses, 12 years old, one sired by Hambletonian Chief, out of a Drew mare, and the other of Knox blood, the first being raised in Rockland by Charles Whitney; Rufus Linscott, 3 year-old sorrel, draft stock, good horse; W. S. Mank, a promising 2-year-old after E. E. Thurston's S. D.

Willard Sherman's magnificent pair of farm horses attracted great attention. They are of Norman-Percheron blood, own sisters, both mares, five and six years of age, iron grays

and dandies. Mr. Sherman has refused $200 for one of them.

Silas Bryant has a fine pair of farm horses of Norman blood, that weigh 1300 pounds each.

North Knox always has a pretty exhibit of fancy work and many of the old familiar names appear in the list of contributors. In the list the following were very pretty and worthy of notice: Jennie Mitchell, silk crazy; Mrs. B. F. Jones, the same; Annie Leighr, table scarf of raised work and many other articles very cleverly made; Miss Ada Lucas, two prettily crocheted linen aprons; Mrs. D. H. Mansfield, silk embroidered table scarf; Mrs. M. B. Gerrish, bed spread of outline squares and crocheted work; Mrs. G. S. Pendleton, wool crazy friendship quilt, given by the members of White Oak Grange; Lizzie M. Pendleton, 11 years old, wool crazy; Jennie Mitchell, wool crazy; Mrs. D. B. Titus, knit shawl; Mrs. E. Young, embroidered bed-spread with flowers, butterflies and pictures of Washington and Martha Washington, very pretty; Mary Brown, ingenious picture throw; Mrs. Myra Wentworth yarn rug.

There were many rugs, and nice soft, comfortable ones too, by Mesd. N. K. Burkett, M. Wentworth, Walter Calderwood, Mary Calderwood, Fred Leach, Misses Affie Leighr, Mary Brown and Miss E. B. Calderwood. Diantha Dodge exhibited a blazing star patch quilt that was noticeable.

In this department and in others of the fancy work exhibit, Mrs. Franklin Leighr and two daughters Affie and Leighr had many fine pieces of work. There was a tidy by Miss Annie Leighr, a novelty that attracted great attention, while Mrs. Leighr had a beauty of a drawn rug on exhibition.

Mrs. E. H. Walcott, Mrs. Samuel Cummings, Mrs. Lyman F. Frye and Mrs. F. H.

THE SAME OLD CEREAL STORY.

Lenfest had nice rugs on exhibition also.

The exhibition of domestic woolens, etc., was small, but extra good in quality. Mrs. N. O. Ripley, Mrs. M. J. Sukeforth, Mrs. S. Overlock, Mrs. N. K. Burkett and Mrs. Franklin Leighr made exhibits in this department. Mrs. Burkett, who is past 80 years, had on show a wool blanket spun, woven and made by herself, and very finely done, too.

Other creditable fancy work exhibits were as below: Ada Lucas, thread and ribbon tidy; Mrs. Samuel Cummings, embroidered tidy; Mrs. M. Stewart, hand-painted picture throw; Miss Annie Leighr, fancy scrim, crocheted ends, very pretty; Annie Hemenway, crocheted lace, pretty; Miss Ada Lucas, number of pieces of nice work; Mrs. F. W. Lenfest, hand-painted tidy and pretty one; Annie Packard, lovely edging; Grace Bills, nice picture throw, olive green with delicate edging; Mrs. B. F. Jones, pretty sofa pillow.

There were a number of novelties, Dora Barnard showing a stuffed loon, Mrs. W. S. Morton and Mrs. G. S. Pendleton World's Fair curios, Mrs. H. B. Hills gothic clock, while Harold Mansfield of Hope exhibited his curio collection, which attracted a great deal of attention and was enjoyed by many. Miss May Andrews exhibited an ingenious fan and Linden Robbins some cute worsted ducks.

There was an unusually elaborate display of flowers. Mrs. Samuel Cummings and Mrs.

Lyman Frye both made big exhibits of choice cut flowers and pot plants and there were many ingenious and striking floral pieces.

The fruit exhibit was very choice this year, and a better display one seldom sees. Although this has not been a great plum year there was yet a good exhibit of this favorite fruit.

Charles A. Miller of East Union had a fine exhibit, including the following well known varieties: Quackenbos, Lombard, Coe's Golden Drop and Pond's Seedling. Mr. Miller has some 200 plum trees, but got this year only about two bushels of fruit. The warm weather of March swelled the buds, and the subsequent cold weather chilled them and a small crop was the result. This is the story of all of the plum men. Mr. Miller says that the Burbank suffered more than any other. It was all covered with blossoms, but two trees yielded only four plums.

Mr. Miller is an enthusiastic plum man, and a great admirer of the Lombard, but he thinks the Arctic hardier and surer though not as good. He spoke very interestingly, and we quote him:

"The Marianna fruited quite well this year. It is an early plum, but not as good as the Lombard or Arctic." Mr. Miller at the Lewiston fair won the second prize on the Prince Imperial gage. "The Pond Seedling is a showy plum, but not good.

"Coe's Golden Drop is a very rich plum, but

ABERDEEN, O., July 21, 1891.
MESSRS. LIPPMAN BROS., Savannah, Ga.: DEAR SIRS—I bought a bottle of your P. P. P. at Hot Springs, Ark., and it has done me more good than three months' treatment at the Hot Springs. Send three bottles C. O. D.
Respectfully yours,
JAS. M. NEWTON,
Aberdeen, Brown County, O.

Capt. J. D. Johnston.

To all whom it may concern: I hereby testify to the wonderful properties of P. P. P. for eruptions of the skin. I suffered for several years with an unsightly and disagreeable eruption on my face. I tried every known remedy but in vain, until P. P. P. was used, and am now entirely cured.

Skin Cancer Cured.

Testimony from the Mayor of Sequin, Tex.

SEQUIN, TEX., January 14, 1893.
MESSRS. LIPPMAN BROS., Savannah, Ga.: *Gentlemen*—I have tried your P. P. P. for a disease of the skin, usually known as skin cancer, of thirty years' standing, and found great relief: it purifies the blood and removes all irritation from the seat of the disease and prevents any spreading of the sores. I have taken five or six bottles and feel confident that another course will effect a cure. It has also relieved me from indigestion and stomach troubles. Yours truly,
CAPT. W. M. RUST,
Attorney at Law.

Why does the air of the pine woods have such a beneficial effect on consumptives? It is on account of its purity and of the antiseptic substances contained in the exhalations from the trees.

Guaiacol

represents these exhalations in a concentrated form. Although taken in through the stomach, in

SLOCUM'S OZONIZED Norwegian COD LIVER OIL WITH GUAIACOL

instead of being breathed in, as in the pine woods, it is taken up by the blood from the stomach and carried to the lungs, producing the most beneficial effects. Pleasant to take and a perfect remedy for consumption.

A MEDDYBEMPS SENSATION.

A REMARKABLE RECITAL OF A REMARKABLE FACT.

Full and Interesting Particulars of a Case that attracted Wide Attention.

MRS. ADELINE MUNSON, Who resides in Meddybemps, Maine, declares:—

For many years past I have been afflicted with general debility, sleeplessness, and numbness in my hands and feet, caused by poor circulation and impure blood. Was at times affected with headache, dizziness, and severe vomiting, as my food would not digest properly. In later years my nervous system seemed to give out entirely, and a general paralytic-like numbness came over me. I have tried numerous kinds of sarsaparillas without obtaining any benefit from them. They not only proved valueless, but I believe actually harmed me; my stomach could not retain them, and I grew steadily worse.

About a year ago, I heard of the Red Seal Sarsaparilla, that was said to be prepared by an entirely new and thoroughly scientific method, whereby a certain poisonous principle, very harmful to the digestive organs, and which is brought out in some processes, was entirely eliminated.

I found great relief in the first few doses of the Red Seal Sarsaparilla, and after taking three bottles I found myself entirely cured, and, although 54 years of age, I feel stronger and younger to-day than I have for many years past.

I believe the Red Seal Sarsaparilla to be the best medicine of its kind, and strongly recommend it to all who wish for a speedy cure. I will cheerfully give full details of my case to all who wish for further particulars.

Red Seal Sarsaparilla is for sale everywhere. Ask your dealer for a bottle. It always cures.

THE FAIR.

Continued from page 4.

there is some complaint of its rotting on the trees. It is late and hardy and not subject to leaf blight. Willard speaks highly of them, but the climate does not seem long enough for it down this way. The Pond Seedling should be in every orchard. It is hardy, a fair bearer, of good quality, and not so subject to leaf blight as the Lombard. The Japanese plums are good varieties, the Burbank being one of the best of the class. All have the Japanese plum fever. I put in a half hundred trees of the Japanese variety last season, but I don't think it is safe yet to invest much money in them, until we learn more about them. I think favorably of the Japs, particularly of the Burbank, while the Ogon, Willard and Yosibe are good varieties of Japs and hardy. The trouble with the Willard is that it blossoms very early and frosts are liable to injure it. The Burbank blossoms two or three days before the Lombard. It comes into bearing very young and is very prolific, and ripens nearly a week before the Lombard. The fruit grows very large and is a beautiful red and pink.

"I have a Burbank, four years from the bud, that measures 15 feet across the top. I have never seen black knots on any of my Japs. The Abundance is another variety of Jap, one of the first put out. It is highly spoken of by some, but with me they have not proved hardy. The Satsuma is another Jap that promises to be hardy. The Orient is the last Japanese variety out. I have one tree, probably the only one in the state."

J. P. Hobbs at Hope is another well informed plum man. He has 40 trees, mostly Lombards, and raised this year about three bushels. He got 22 quarts from a Moore's Arctic, set five years ago. Mr. Hobbs thinks the Imperial Gage the richest plum, but would keep Moore's Artic for marketing. Mr. Hobbs sold a Moore's Arctic to Elliott Benner of North Warren. The second year it yielded 4 plums, the third one quart, the fourth 2 quarts, the fifth 4 quarts, the sixth 8 quarts, seventh 17 quarts, this year, the eighth, a bushel.

E. L. Daggett has a German prune, a variety of plum, grafted on old Damson stock, that is a rich fruit, and most delicious fruit for preserving. The fruit is very large.

W. A. Luce made an exhibit of plums, the same varieties Mr. Miller showed, with one or two additional, including the Shropshire Damson. Mr. Luce like the others reports a failure of the crop because of the warm March weather.

Edw. Bowes of Union raised 14 bushels of plums this season from less than 20 trees, and all but half a bushel were Moore's Arctics.

In this section it has been a fruitful apple year, although perhaps not so bountiful a crop as two years ago. Prices have been very low during the fall, but there is now quite a call in other sections of the country and to ship abroad, and prices seem inclined to go higher. Some of the county orchardists say they will get $1.50 for fall fruit, Pippins, etc., at the house. Apples this year are very free from worms and fairly well ripened. They have ripened earlier than usual and are dropping. The fair exhibit of apples was exceptionally good, lack of space, however, interfering and making it almost impossible for reporter or spectator to get an intelligent idea of it.

Fred Calderwood had on exhibition some tempting Eureka Red Streaks that resembled the Twenty Ounce or Caiyuga; George Pendleton, fine Hollys, a mild, pleasant apple, raised only to a slight extent; A. F. Morse, Pippins, and a pretty new apple, the Gano, very highly colored, a seedling from the Ben Davis. It is very hardy, and a grand good keeper. One tree bore two years from the time of setting, and Mr. Morse has added several more to his orchard. This is the fourth year of the first tree and it yielded twenty apples. Last year the apples kept until May. Mr. Morse also exhibited some fairly colored Northern Spys.

O. A. Burkett, fine Pippins and Yellow Bellflowers; E. H. Mero, three nice varieties including the Fameuse.

L. R. Morse made a tempting display of seven varieties including the Minister, a very choice apple that keeps until February and March. It is very tender, juicy and tart. Mr. Morse also showed some highly colored Mother apples and deep red Spitzenbergs. He has some 300 trees and will harvest this year 800 bushels of picked fruit. He has already shipped some 50 barrels of Astrachan, Bell's Early and the like. He raises a number of Lake apples, also, but mostly the old reliable Baldwin.

M. G. Drake, Sweet Russets and exceptional Twenty Ounce; H. H. Thorndike, good Primates; H. D. Hemenway, four varieties, good sized Kings, fair Spys, and first-class yellow Bellflowers; L. H. Sidelinger, a number of nice varieties including Golden Pippin and good Baldwins.

John M. Harding had two varieties on exhibition. One of these was a large Fameuse with a dull rough peeling in striking contrast with the bright shiny dress of the common Snow apple. Mr. Harding got the stock of Gerrish and claims that it very completely tallies with the book description of the Fameuse. He also exhibited some nice samples of the Fall Geneting. He has some 72 apples trees, all young ones, and most of them Fishkill and Arctic, which it is claimed will keep until July.

Harold Seiders made an exhibit of 38 varieties of apples and it was a very choice showing. There were nice Fallawaters, a valuable apple that will be better next May than it is now, a good bearer and every apple saleable. Elden Gleason, one of the best orchardists in the county, has put in this variety almost entirely. Mr. Seiders had large Kings, but not well colored, good Wagners, Fameuse, perfect in color and shape, the profitable Union Pippin, choice Gravensteins, McIntosh Red that was beautifully colored, a showy plate of Wealthy apples. Mr. Seiders will raise 400 bushels from 250 trees, this year. He raises some fine Hunt Russets, stock from Ipswich, Mass., procured from Elijah Vose who formerly lived in Union.

H. S. Hills, varieties, from an orchard of 200 trees. He will have 130 barrels of picked fruit this season. Of the varieties shown the Orange Sweets, a nice winter variety, were fine. Peck's Pleasant, large, a good

bearer, the Prolific, well colored and large, Longfellow, a good bearer and nice eating apple and hardy and fine, Golden Pippins and common Russets.

C. A. Miller made an exhibit of ten varieties. He had a plate of McIntosh Reds which won the first premium at the State Fair. Immense Fallawaters and fine Wealthys were seen, also the Salome, a novelty and no good according to Mr. Miller. His Bethel was another novelty. It has red cheeks with darker streaks, and thought to be a seedling from the Blue Pearmain. They are showy, but shy bearers. Alvin Tolman has put in a lot of these. Mr. Miller's specimens were under size.

S. L. Bills, good Fameuse, very pretty Gravensteins, rather irregular, but that's somewhat the character of the fruit; W. L. Barrows, seven good varieties, highly colored Kings and tempting Nodheads.

J. P. Hobbs, 14 varieties, of which the following were the best and were really very fine: Newtown Pippin, St. Lawrence, Fall Geneting, King and McIntosh Red. These last were perfect in size and color. Mr Hobbs has 300 trees, mostly young.

Andrew Burkett and E. E. Thurston also made handsome exhibits of apples, including choice varieties.

Alonzo Butler, as usual, made an exhibit that it would require a volume to describe. He showed 35 varieties of apples, among them being the standard classes, and some extra fine specimens. One of the new varieties was the Holly, which bids fair to be a popular fruit. Mr. Butler's exhibit of tomatoes was exceptionally fine, there being many splendid varieties. He prefers the Optimus to any other kind that he has raised, and he he's tried 'em about all. He has had on trial some years nearly 100 varieties. Seven kinds of peppers attracted attention in this exhibit, including the Large Sweet Spanish, Golden Ball, County Fair, Bell Pepper and Black Pepper. Among his novelties none were more carefully examined than the egg plants.

E. L. Hills showed some fine rutabages, big ones, that were planted as late as June 19. One of 'em weighed 9 3-4 pounds. He also showed some magnificent mangel wurtzels. He will raise nearly 75 bushels of each.

The finest Hubbard squashes ever seen at a fair were exhibited by C. C. Daggett. They were perfect in shape and color and unusually large. The seed was from a tremendous big squash raised in Massachusetts. THE C.-G. man is to have some of the seed for his garden next season.

J. W. Law exhibited some fine pumpkins; A. F. Morse, handsome rutabagas.

W. W. Marr exhibited big carrots, six pumpkins, two fine varieties of turnips and a basket of exceptionally perfect 12-rowed corn of which he has some 100 bushels of ears. He will raise 100 bushels of red-top strap leaf turnips and 50 bushels of rutabagas. Mr. Marr also had on show a bushel of extra fine yellow Danvers onions, and five varieties of beautiful tomatoes, the Earliest of Early being particularly noticeable. A trace of sweet and yellow corn completed his interesting exhibit.

A. F. Stahl, potatoes, Early Queen and Beauty of Hebron, fine; A. F. Morse, handsome stock and table beets; L. R. Morse, bushel rye; John M. Harding, beets, oats, turnips and other vegetables, a most excellent showing; Harold Seiders, good potatoes and squashes; M. Wentworth, pumpkins, one immense fellow; L. D. Carroll, potatoes and good ones; J. W. Law, barley; Frank Lampson, various vegetables and well worth attention; Lewis Rackliffe, nice potatoes and other garden stuff; C. A. Long, immense pumpkins, and four varieties of potatoes that for size beat the memory of the oldest inhabitant.

This has been a fair year for potatoes according to the farmers. They are rotting some and for that reason are rather low, as those who have big lots are anxious to close them out. Early Rose and Beauty of Hebron continue favorites.

There were small but good exhibits in the Dairy and Preserve departments. In the former appeared the handiwork of the following expert cheese and butter makers: Mesd. C. C. Daggett, N. O. Ripley, B. B. Payson, E. H. Mero, E. C. Gleason and E. Carroll.

The preservers were Mrs. J. W. Law, Mrs. S. Cummings, Miss Ada Lucas, Mrs. E. C. Gleason and Mrs. R. Miller, the exhibit of the last-named being very large.

This has been a good year for corn. It ripened well, and sweet corn, especially, has been extra nice all through the country. Charles Burgess of Union raised $70 worth of sweet corn on an acre and hauled it to the Waldoboro corn factory, and will get enough more from the same piece, beans, etc., to increase that amount to $100. C. W. Thurston has acres of fine field corn. The farmers consider corn a very profitable crop, one Union man claiming that there was more money in it for farmers than any other farming department.

Exhibits in this department were made by Bert Mitchell, Charles W. Graham, R. B. Robbins, Royal Grinnell, Harold Seiders, Rufus Linscott, W. W. Marr, Samuel Cummings and John M. Harding, and they made an exceptionally fine showing. A gentleman from Washington, D. C., Wednesday, was amazed, saying that he did not believe Maine could raise such fine corn, and he took a few ears with him to show Virginians what they can do in a corn way, down in the old Dirigo state.

Gilman Mitchell, peas and beans; D. B. Titus, squashes, etc.

Fuller & Cobb made a fine showing of cloaks, etc., in one corner of the hall Ernest H. Perry in charge. Among other business exhibits were the following: State of Maine Pant Co., H. W. Healley in charge; Union Times, G. W. Fish; D. H. Mansfield, sewing machine and organ.

The Atkinson Furnishing Co's exhibit, which completely filled one corner of the hall was the great center of attraction. Here was a cosy booth, filled with articles of furniture and kitchen use that delighted the eyes of the many housewives present.

Mr. Calder was in charge the first day, assisted by Russell Tilden, but on Thursday J. M. Benner took Mr. Calder's place. The Quaker range and fittings offered to the lady receiving the most votes caused great excitement and the canvass for votes was hot and exciting. The contest closed Thursday at five p. m., the votes standing as follows: Mrs. John Fossett, 30,640; Mrs. Samuel Cummings, 21,720; Mrs. C. C. Daggett, 14,580.

The Union Times, with its usual enterprise, offered a bicycle to the lady receiving the most votes. This contest also closed Thursday, resulting as follows: Miss Knowlton of Camden, 222,750; Miss Lilla Cole of Rockland, 182,725; Miss Luce of Union, 19,201.

Miss Lilla Cole had on exhibition a very pretty landscape of her own painting.

John M. Harding and some few others made exhibits of nice grapes.

WEDNESDAY'S RACES.

There was a big crowd at the track Wednesday when Dr. G. C. Horn of South Thomaston rang in the chimes and called for the horses in the Green Race. Five horses answered the call, Jessie B., Maud L., Harry D., Peter K. White and Dinah. Without wasting any time scoring they went off, Peter easily leading. Dinah, Harry and Jessie went off their feet early in the heat, but recovered, and when they went under the wire at the half Jessie was close after Peter who had kept steadily on his feet all the way. On the last half, however, all went into the air but Peter and Maud L. who finished the race, Maud some little distance behind Peter. The rest of the field was distanced and figured no more in the contest. The other two heats were won by Peter with Maud L., second, both horses doing, good, honest work. Following is the summary:

GREEN RACE—PURSE $30.

Peter K. White, b. g, W. D. Farnham	1	1	1
Maud, b m, M. C. Libby	2	2	2
Dinah, blk m, H. L. Turner	dis		
Harry D., b g, Ernest Davis	dis		
Jessie B., blk m, J. R. Burkett	dis		

Time—2.56, 2.59, 2.55.

In the 2:30 race there were four starters, Harold D, Arthur B, St. Patrick and Frank Nelson. No time was lost in scoring, but they got off with a good start, Arthur B taking the lead, with Harold second. This proved to be a horse race. At the quarter pole Arthur still led, Harold close to his wheel, St. Patrick acting badly and Frank Nelson last. At the half St. Patrick got his feet and passed Harold D but went into the air again, recovered and beat Harold and Frank Nelson down the stretch, Arthur B kept down to steady work and finished without a skip, the winner, St. Patrick being second.

Arthur B. led off on the second heat with Nelson second, Harold D third and St. Patrick trailing. Harold on the second quarter closed upon the leaders, but broke before reaching the wire. On the second half it was a very pretty race between Arthur and Frank Nelson, but just before reaching the wire Arthur lost his feet and Frank won.

In the third heat Harold D. shot around the field and took the lead, but went into the air. St. Patrick acted bad and kept at the foot of the procession, and the half was finished in the following order: Frank Nelson, Arthur B., Harold, St. Patrick. Frank succeeded in holding his lead to the finish, although closely pressed by Arthur. Harold ran all the way round the last half and was sent to the stable and St. Patrick was distanced, although Woodman stoutly claimed that he was inside the distance flag.

In the fourth heat the start was made with Frank ahead, but Arthur was steady and soon closed up the gap. Soon after passing the wire Arthur broke and lost a rod, but closed it up again after recovering, but broke again on the last quarter and lost the heat and race. Alvin McLain drove Arthur B. Following is the summary:

2.30 CLASS—PURSE—$75.

Frank Nelson, blk s, H. J. Gushee	3	1	1	1
Arthur B, b g, A. B. Crockett	1	2	2	2
St. Patrick, s g, M. W. Woodman	2	3	dr	
Harold D. blk g, R. W. Davis	4	4	dr	

Time—2.39, 2.30½, 2.35, 2.36½.

Six horses started in the 2:50 race, Iowa Maid, Little Gull, A. L. P., King George, Berrymore, Lady Florence. They got a fine start. Florence took the lead, but gave it up to A. L. P. at the quarter pole, who in turn gave it to Iowa Maid at the half. On the second half Florence took second and held it, the Maid finishing first and doing splendid work.

In the second heat A. L. P. took the lead but went into the air, and the Maid led the procession and led it to the finish of the heat,

SOME INSIDE FACTS.

Such Matters Always Leak Out.

This Time It Carried the Great News Far and Wide.

Many Families all Over the Land are Deeply Interested in the Matter.

There are many things in the lives of persons and families which when they are known become matters of public interest. People always want to know those things which personally concern them, which add to their welfare, their looks or their comfort. Here is a piece of news which coming from such high authority makes it of more than ordinary interest.

Mrs. Charles H. Heaton, residing at 143 State Street, Montpelier, Vt., is a most lovely and accomplished lady. The family has the very highest social standing. Her husband has held many offices of trust in the city and in politics, and among the Masonic fraternity stands at the head. Her husband's father is president of the Montpelier Savings Bank and Trust Co., the largest bank in the city. Her father is a prominent railroad man. She writes as follows:

"Two years ago we had a terrible experience with La Grippe and by overwork in taking care of my children and the results of the disease I was left in a very exhausted condition, in fact was nearly prostrated. I was so weak that upon the least excitement I would feel nauseated. I was as near nervous prostration as anyone could be.

"Someone recommended Dr. Greene's Nervura blood and nerve remedy to me and I immediately began its use. I am happy to say that it completely cured me. I think it is the best medicine I ever knew of for any form of nervous or chronic disease. I have recommended it to many and shall do so upon every occasion."

This letter is of the utmost importance to you for it tells you just what to do to be cured. If you are nervous, weak, tired, sleepless, if you have headache, indigestion, kidney or liver complaint, poor blood and weak nerves, you can surely regain your health and be as well as you ever were by taking Dr. Greene's Nervura blood and nerve remedy.

The strengthening and curative powers of this remedy are wonderful. Use it and you will be made well and strong. It is the discovery of Dr. Greene, the most successful specialist in curing nervous and chronic diseases. He can be consulted by all at his office, 34 Temple Place, Boston, Mass., free personally or by letter.

THE WONDERS OF ATOMS.

Even the smallest Speck Visible Contains Millions of Particles.

There are but few persons outside of the ranks of the biological students that have any idea of what is meant by the expression "an atom of matter." When the microscope is applied to the examination of living tissue, whether that tissue be of animal or vegetable life, it is soon observed that all living things are made up of separate bodies called "organisms" ... in the various branches of ... research will also tell you that no essential difference can be ... between these cells which go to make up the sum total of animal life and those which give the vegetable its existence. These life cells, although wonders within themselves, are made up of minute particles called "atoms," which are so small that they must ever remain invisible to the human eye. Some critical reader will say, "If this last remark be true, how can it be proved that such infinitesimal particles as your so called 'atoms' exist?" To this query the reply would be that it is only when an untold number of these atoms unite themselves so as to form a single body, like the grains in a popcorn ball, that they become at all visible and then only by the best appliances that optical science has been able to furnish.

This being the case, it is not an exaggeration to say that every little piece of matter which we are able to see is built up of millions upon millions of these atoms which are so small that no mind can comprehend their minuteness, even when taken in aggregations of thousands. There are, of course, many different kinds of atoms, such as atoms of carbon, hydrogen, oxygen, etc., each of which is believed to have its own particular size and weight. Then, too, they probably differ in shape as well as size. According to the specialists in this line, they combine together by mutual attraction, which is in some cases called cohesion and in others chemical affinity, according as the atoms are of the different elements. This being the case it is easy to understand why myriads of these atoms of all sizes and shapes, fitted snugly one against the other, combine together in varying degrees of intensity to build up structures possessing all the various degrees of stability and solidity. Some of the most wonderful theories ever advanced on the atomic theory are by Sir William Thomson, the English scientist. In one of these articles he proves by three different trains of arguments that an atom cannot be greater than the one one hundred and fifty millionth of an inch nor less than one-five billionth of an inch. —St. Louis Republic.

A Climbing Bullock.

At the great slaughter houses in the Parisian suburb of La Villette there is a granary from which the beasts awaiting execution are fed. The way to it is up a substantial ladder staircase. One of the bullocks, having escaped from the pens, climbed up this staircase before he could be stopped. When his escape was first discovered, he was seen on the stairs, slowly and laboriously making his way upward. As soon as he reached the granary two or three attendants followed him and endeavored to get him down, but all their efforts were unavailing. There was nothing to be done, therefore, but to leave the beast there to eat his fill and then see whether he would be clever enough to return by the way he went. Possibly some thought of exhibiting him in public may have crossed the minds of his guardians, but if so they were doomed to disappointment. The stupid animal, instead of trusting to the staircase, got out of a window on the opposite side of the building and put one foot on a little thin ledge standing against it. There was a crash, the ladder broke in half and the too adventurous bullock fell, breaking all his legs, so that he had to be killed on the spot.—Paris Letter.

Oscar Wilde's Memory.

Oscar Wilde has enough Irish blood in his veins to occasionally make a bull. In London an American, who had met Wilde previously, rushed up to him and grasped his hand. Oscar drew back a little.

"Why, don't you remember me?" exclaimed the American, rather taken aback.

"Well, to tell you the truth," remarked Oscar placidly, "I remember your name perfectly, but for the life of me I can't recollect your face."

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and get so bad she could not shut her eyes to sleep, but laid with them half open. About this time, at the earnest request of friends, I started using the CUTICURA REMEDIES, and *in one month she was completely cured.* The doctor and drug bills were over *one hundred dollars,* the Cuticura bill was not more than *five dollars.* My child is now two years old, strong, healthy and large as any child of her age (see photo.) and it is all owing to CUTICURA. Clayton D. Boothby was ordained pastor of the Congregational church Wednesday. Nearly all of the churches in the Lincoln conference were represented at the council and the delegates saw Mr. Boothby pass a most successful examination. Rev. O. W. Folsom of Bath was moderator and Rev. E. M. Kennison of Rockport scribe. The ordination sermon by Rev. Mr. Pratt was an able and eloquent effort. Rev. C. A. Beckwith of Bangor offered prayer, Rev. Mr. Folsom gave the charge to the pastor and Rev. H. J. Wells of Union the charge to the church. Rev. Mr. Kennison extended the right hand of fellowship.

Ellis W. Prince left Thursday for Florida——Caleb Levensaler continues quite ill.

CAMDEN

A tramp was arrested in town Saturday.

Electric cars run now only once an hour.

A team belonging to F. L. Start ran away Friday.

St. Clair Bros.' team ran away Friday, but no serious damage was done.

Walter Knowlton is now riding an elegant new safety, won in the Union Times contest.

A game of ball between picked teams, Wilburs vs. Sabins, resulted in a victory for the former.

A car-load of our theatre going people attended the Opera "Robin Hood" in Rockland, Thursday evening.

The Summer visitors have nearly all departed for their various homes and Camden has put on an autumn look.

There was no preaching service at the Methodist Church Sunday on account of the illness of the pastor, Rev. C. C. Phelan.

W. S. Giles has a crew at work building a catch-basin in front of S. B. Haskell's store, to do away with the water that stands in front of Perry Block.

Rev. F. M. Preble and wife, and Miss Jennie Prince and Miss Mary Conant left yesterday noon for Portland where they attend the Baptist State Convention.

Rev. L. D. Evans occupied his pulpit at the Congregational Church Sunday after a vacation of three weeks. There was a large congregation and an inspiring sermon was preached.

Rev. Matthew Simpson Hughes of Portland will lecture at the Methodist Church tomorrow evening, subject "The Almighty Dollar." Tickets 25 cents. All who heard Mr. Hughes when he was here last Spring will not fail to hear him again.

L. Worthing's millinery store.

At the Congregational Sunday School, Sunday, the order of exercises was somewhat changed and instead of the accustomed quarterly review the superintendent arranged an interesting program, consisting of three essays. The first was by Mrs. T. E. Brastow of Rockport, "Prophecies of the Old Testament and their Fulfillment." The second paper was by Mrs. H. L. Alden on "Intermediate History," connecting the Old and New Testaments. The last paper was by Miss Lizzie Stetson, "Lessons from the Life of Christ." The close attention that was paid was a proof that the papers were intensely interesting.

Capt. E. E. Denison and Mr. Freeman purser on steamer Frank Jones, were in town Friday——S. A. Drake returned to Boston Friday night——W. E. Schwatz was in Bangor last week——Miss Elsie Welch is in Boston——H. E. Cooper is on a trip to Moosehead——Miss Lucy Young is spending her vacation in Warren——Mr. and Mrs. G. W. AUTUMN LEAVES.

What is Going On In and About Rockland Homes At This Delightful Season.

Miss Hazel Spear entertained a company of young friends Friday evening. A nice musical program was presented.

John Stevens gave a party at his home on Pleasant street Wednesday evening. Delightful time. Refreshments and music.

Miss Maggie McGrath entertained friends Friday night in honor of her guests Misses Nora Kaler and Nellie Doyle of Lewiston. Refreshments were served.

Miss Edith Ham entertained Wednesday evening, a number of her friends with a candy pull. Games were also introduced. Miss Ham is a charming hostess——Master John Stevens royally entertained Wednesday evening, a large number of his school friends being the favored ones. A nice lunch was served. The little ones had a jolly time.

Mrs. Fred F. Burpee entertained a small party of lady friends most delightfully at her home on Limerock street Saturday evening. The guests passed the evening at cards and conversation. Refreshments were served——The Stenographers' circle met Friday evening with Miss Lena Adams, Grove street. This week the meeting will be held with Miss Knowlton, Limerock street——The friends of Miss Lizzie McAuliffe were delightfully entertained at a corn roast at her home Saturday evening.

The weekly rehearsal of the First Baptist Choral Association was held at Ingraham's Hill, with Miss Clara Whitney, Tuesday evening. The rehearsal was enlivened by a "poem party," each member of the choir representing some particular poem. A nice lunch was served and a most delightful evening passed——Party at Crescent Beach this evening. Gale play——Wednesday evening a party from the city called upon Alfred Crockett and family, Rockland Highlands, and had a real splendid time. There was instrumental music by Miss Josie Bradbury, Mark, Bert and Frank Crockett, and refreshments were served.

HAPPY WEDDINGS

A very pretty wedding ceremony took place at the Episcopal Church last evening, the decorations for the occasion being very tasty. The groom was Charles W. Livingston, a prominent member of the manufacturing company which bears his name, and a gentleman who enjoys a wide popularity. This feeling is shared by Mrs. Livingston whom our readers knew as Miss Florence E. Hackett the matron until recently of the House of the Good Shepherd. The ceremony was performed by Rev. Henry Jones of Camden. M. A. Johnson, esq., was best man and Miss Ada Burpee bride-maid. Miss Ellie Orne played the wedding march and E. J. Clifton and Walter M. Tapley were ushers. At the conclusion of the ceremony the bridal couple repaired to their new home on Middle street, where a wedding lunch was served.

Ulysses S. Bird of this city and Miss Nellie Weeks of Jefferson. The marriage will occur one week from tomorrow. They will occupy Mr. Bird's handsome new residence at the Highlands.

John H. Holbrook and Miss Alice Andrews were united in marriage at Chelsea, Mass., Sept. 1st. The ceremony was performed by Rev. Mr. Bush, pastor of the Universalist church of that place. Mr. Holbrook is the eldest son of W. D. Holbrook and wife of this city, and one of the Rockland boys who has been in Massachusetts for several years where he has a good position as engineer with the Railroad Corporation at Charlestown. His bride is a pleasing young lady and lots of friends here extend to them best wishes and congratulations.

Trip to Montreal and Quebec and Incidents Connected Therewith.

Those who took in Kimball's fourth annual excursion to Quebec and Montreal are enthusiastic in their praises of the delightful trip and the manner in which it was handled by Col. Kimball. The party from here left on Friday morning's train connecting with the 10 o'clock train out of Portland, where they were met by Mr. Kimball who had made all arrangements for their departure from that place. Something like 150 tickets were sold for the excursion, some of the number being persons who took advantage of the cheap rates to visit friends, etc., along the route, the immediate party keeping together during the trip being about 60. Three days of the time was spent in the quaint old walled city of Quebec, so full of historic interest, and a day and a half in the beautiful metropolitan city of Montreal, the party returning to Portland by special through car Wednesday evening. Mr. Kimball is just the man for an excursion like that, and was untiring in his efforts to have everything arranged to the best advantage and for the comfort of his party, and he succeeded. In appreciation of his services he was presented by the excursionists, at the parlors of Balmoral hotel, Montreal, with a case of sterling silver spoons, Mr. Harry Thompson of Brunswick making the presentation speech, to which Mr. Kimball, although a good deal surprised neatly responded; also a handsome leather cuff box, two boxes of choice cigars, and $25 in money. At all the hotels the excursionists received every attention, and especially speak in highest terms of courtesies extended them by Messrs. Trudel & Shallow of the Victoria at Quebec, where their longest stay was made, and heartily recommend the house to any who may visit Quebec. The party from this section included Aaron Howes and wife, C. Doherty and wife, Mrs. W. A. Kimball, Misses Lizzie Morey and Helen York, Frank Magee, Frank A. Winslow, Rev. R. W. Phelan, Misses Rose McNamara, Sarah McInnis, Joan McInnis, Mary Brickley and Annie Flanigan, Rockland; Mrs. E. T. Mitchell and Mrs. A. L. Jones of Union; Mrs. George Green formerly of South Thomaston, and Mrs. H. C. Grant of Calais, Harry Thompson of Brunswick, Oscar Hill and wife of Northport, Mrs. Belle Priest, J. G. Paul and wife and Mr. Black of Belfast.

The following committee was appointed to arrange for a reunion dinner to be held at some central point during the coming winter: Mrs. Cornelius Doherty, Miss Helen York, Miss Lizzie Morey, Rockland; Mrs. J. G. Paul, Belfast; and S. E. Hobart, Portland.

BOSTON LETTER.

Our Weekly News Notes From New England's Great Metropolis.

BOSTON, OCT. 1, 1894.

The stallion race at Mystic last Wednesday was an attraction which brought many Maine people to the city, but the most of them returned to their respective homes filled with disappointment. With them it was Nelson, first, last and always, but their favorite failed to meet their expectations. But they had the satisfaction of seeing a great race. Among those from Rockland who witnessed the race were G. A. Ames, F. H. Berry, A. C. Philbrick, M. Frank Donohue and Z. F. Brewster. Vinalhaven sent quite a delegation, consisting of the following, Senator-elect F. S. Walls, Dr. E. H. Lyford, Hiram Libby, John Ingerson, E. R. Roberts, Geo. Roberts, Leroy Smith and Wm. Jameson.

Thomaston is well represented at the different institutions of learning here. Harvard has a student Louis Fales, who has just begun his Freshman year. At the Institute of Technology is another Thomaston boy, Richard O. Elliott, who has already spent two years at this institution. The School of Pharmacy has two students, Wm. Nichols and John Turner, who claim Thomaston as their native place.

Jerry Murphy, who has been in town during the past week enjoyed the race at Mystic Wednesday, with his friend Col. James Hatherly, from the top of the latter's stylish drag. The genial colonel's turnout with its four magnificent grays was the center of attraction among the many vehicles at the track.

Harry Lincoln of Thomaston was in town Saturday en route for Chicago. Ellis Prince, also of Thomaston, arrived here Thursday on his way to Florida where he will spend the winter.

Miss Fannie Cummings, who has been in town the past week attending the fall openings of the millinery houses has returned to Rockland where she will engage in parlor millinery.

Dr. and Mrs. J. E. Walker of Thomaston were here several days last week——Chas. E. Weeks was here on business early in the week——Mr. and Mrs. S. H. Webb have been spending a few days here——Russo Donati of Thomaston attended the races at Mystic last week——Miss Lola Messer is visiting friends in town——Miss Mary Richardson is visiting in Cambridge——Mr. and Mrs. Jos. Glover, who have been visiting in Camden and Rockland, returned last week——Among the Camden people in the city last week were Mr. and Mrs. G. W. Achorn and Rev. C. C. Phelan——Gen. and Mrs. Davis Tillson were here several days during the week——Mrs. L. A. Snow, who has been visiting at Winthrop, returned to Rockland last week——R. W. Messer was in town early in the week——Mrs. Sidney M. Bird was in town Monday——Mr. and Mrs. L. E. Cobb have been visiting here——Miss Grace Blake is visiting friends in town——E. C. Davis was in town Saturday, en route for New York.

Tomorrow evening George Thatcher and his clever organization of minstrels, specialists, singers and pretty women will begin the second and last week of their stay at the Park theater in that melange of fun, melody, minstrelsy and burlesque, "About Town." As the title suggests, the story deals with the comic side of life in the metropolis, illustrated by scenes, incidents and characters met with there.

The charming comedienne Fanny Rice will be seen at the Park Monday, Oct. 8, in her new comedy farce, "Miss Innocence Abroad." The character of Mollie Fuller is said to fit her like a glove, and each member of the company has been chosen for his or her especial ability in the line of character assigned. Miss Rice introduces some of her latest vocalisms, and in act three she brings on her miniature theater in which she gives imitations of Albert Chevalier, the noted London music hall singer; Adelina Patti and other celebrities.

The Boston lodge of Elks, instead of having their annual benefit, as usual, at one afternoon performance, will have this season an entire week's entertainment. For that purpose they will occupy the time for the first week at the Castle sq. theatre. The management of this benefit week is not ready as yet to announce the nature of its attraction, but it will be something decidedly unique, unlike any performance they have ever brought before their friends in this city.

NEXT WEDNESDAY.

The annual convention of the Maine State Sunday School Association will be held in this city Wednesday, Thursday and Friday of next week. The exercises begin at 7.30 p. m. Wednesday. Rev. J. H. Parshley will deliver the address of welcome and Rev. E. S. Everett of Portland will respond. Dr. George M. Boynton of Boston, National Secretary of the Congregational Publishing Society, will deliver the opening address. The local committee of entertainment consists of D. A. Packard, W. O. Holman and Frank Chapman, but each church has also appointed a sub-committee to look after the free entertainment of the 250 delegates who are expected.

How a Case of Mistaken Identity Cost One Man His Promised Feast—They Never Speak.

It was at the recent reunion of the Fourth Maine, and Charles Burns told the story.

"When the regiment moved from Yorktown in 1862, after McClellan's peninsula campaign, we went on board a schooner, a Jersey man, and a tug hooked on to us to tow us to Washington to reinforce Pope. We were ordered to take three days rations, but we stayed there two days before we started and then a gale came up and the tug let go of us and we 'lay to' under a storm-sail two days more, so we got pretty hungry. I hadn't had anything to eat for two days, this was the third day out. A member of Company D, which was the company I was in, stole a shovel as we were going aboard at Yorktown, just for devilry you know, and carried it aboard on his shoulder saying it might come handy. Well the captain of the Jerseyman was meaner than dirt and he wouldn't give us anything to eat. We ought to have taken charge of the old schooner and eaten him out of ... and home, but we had no commanding ...er non-commissioned officer that I ...

Our Vinalhaven and Thomaston news letters arrived too late for insertion this week. We trust it will not happen so some more.

The C.-G.'s readers must not complain because of the amount of space devoted to the North Knox fair. It was a big time and deserved lots of space.

New York Democrats have nominated David B. Hill for governor. Evidently Senator Hill's Washington policy has not loosened his grip on the Empire State Democracy according to the reports of the convention.

A new departure is instituted in this issue of THE G.-G. in the form of a maritime record which will report each week the whereabouts of all the long-voyage Knox county vessels with other facts of interest. This record will be found on page 4. It is not complete yet but will be made so.

The North Knox Society needs larger fair buildings. The building for the agricultural and fancy work showing should be larger, not double the capacity, but four times the capacity. With additional room the exhibit would be many times larger. Many farmers did not make entries because of the known lack of room. The stables should also be enlarged. North Knox has an opportunity to make of Union another Munroe.

The W. C. T. U. Convention in Auburn.—Two Fine Addresses in This City.

The annual convention of the Maine W. C. T. U. was held in Auburn last week, and had the largest attendance in the history of the State Union, there being 260 officers and delegates. The first evening was devoted to addresses of welcome by Mayor Hillman Smith, Rev. Karl Patton of High street Congregational church and Mrs. J. T. Denison, president of the Auburn Union, with response by Mrs. H. P. Kyes of Farmington. The sixteen county presidents then followed in three-minute speeches. One of the best of these was that of Mrs. R. C. Hall of this city.

The second day was devoted to the official reports. Mrs. Sarah L. Cram, who has been corresponding secretary for 13 years, was unable to be present, her first absence in all the long term of her faithful service. The report of the Department of Homes for Homeless children was intensely interesting and excited great enthusiasm.

The memorial service was impressively opened by the singing of Tennyson's "Crossing the Bar," by Miss Henrietta D. Rice of Portland. Mrs. Silsby read the names of those members who have passed away during the past year. On the roll were nearly a score of names. Mrs. Stevens addressed the convention, paying a sympathetic tribute to the memory of the faithful workers who had gone before. After Miss Rice had expressively sung Miss Willard's beautiful song, praye was offered by Mrs. Freeman of Bar Ha The service closed by singing, "Sw and Bye."

Elbridge L. Linscott vs the Orient Insurance Co. This case was entered at the March term, 1894, and was opened to the jury Thursday afternoon. It was brought by the plaintiff to recover the insurance upon a policy issued by the defendant company upon the stock of goods alleged to have been burned in the fire of October 3, 1893, in the store of the buildings alluded to in the previous suit. The stock of goods was insured for $500 and the company defends on the ground that there was not that amount of goods in the store at the time of the fire. The plaintiff, Mr. Linscott, was the first witness, and he was on the stand the remainder of the day, Thursday, and nearly the whole forenoon of Friday, being subjected to a rigid cross-examination of co siderable length. The defense intro evidence tending to show that there so many goods in the store as cla schedule in the proof of los plaintiff with the company him to have been ma showed goods in fire to the va company at t faulted for for the mo

ADVENT CONFERENCE.

An interesting and profitable meeting of the Knox & Lincoln Second Advent Conference was held at Rockport last week, commencing Thursday and continuing until Sunday evening.

The order of the exercises were as follows: Thursday evening, sermon by Dr. A. M. Taylor, Friday morning a social service led by Rev. H. H. Tucker of Chelsea, Mass., who also preached an able discourse in the afternoon.

The evening session was devoted to the Sunday school and its relation to missionary work. An appropriate address was given by Rev. Mrs. A. W. Taylor, pastor of the Rockland 2d Advent Church. A well written paper was read on the same subject by Mrs. Alfreda Brewster of Friendship, which was followed by remarks from H. H. Tucker and others.

Saturday morning was occupied with a lively service. The afternoon was the business session of the conference. Favorable reports were had from the churches of the district. Especial note made of Friendship where 45 persons have lately been baptized. The election of officers for the conference was made as follows:

A. W. Taylor, President; Wm. M. Brewster, Vice President; F. N. Johnson, Secretary and Treasurer. All the churches were represented.

In the evening H. H. Tucker preached an instructive sermon to a well filled house.

Sunday, the morning social service commenced at nine o'clock. This was of special interest, there being 105 testimonies.

At the afternoon service, Rev. J. R. Hall of China preached a clear-cut sermon on the faithful adherence to christian principles necessary to salvation, to an appreciative congregation, all the standing room being occupied. Remarks were also made by Dr. A. W. Taylor. In the evening Rev. H. H. Tucker delivered a sermon.

All the meetings were conducted with zeal and interest, and the session was one to be long remembered by those who were present.

A large number of visitors from adjoining towns were present, among whom were A. W. Taylor of Rockland, Rev. J. R. Hall of China, Rev. H. H. Tucker of Chelsea, Mass., Rev. Oliver Winchenbach of Friendship, Rev Mrs. A. W. Taylor pastor of church at Rockland, Rev. Mrs. Alfreda Brewster, pastor-elect of the Second Advent Church of Friendship.

DUNTON WON.

The Norcross fishing outfit contest which has been running in the Union Times closed yesterday noon, the vote standing as below: Abner Dunton of Hope, 1631; Leon I. Peabody of Appleton, 1602; Gus Lermond of East Union, 728; George Hills of Union, 650.

being pushed under the wire by Florence, only a head behind. King George was sent to the stable at the end of this heat for running.

Iowa Maid won the third heat, being again hard pushed by Florence, the finish being close and exciting. Following is the summary

2.50 CLASS—PURSE $50.

Iowa Maid, b m, W. L. Barrows	1	1	1
Lady Florence, m, G W Benner	2	2	2
A. L. P. blk g, W. D. Farnum	4	4	3
Little Gull, blk m, N. C. Kalloch	3	5	5
Berrymore, b g, T. E. Gushee	5	3	4
King George, b g, H. L. Turner	6	dis	

Time—2.49½, 2.48, 2.48.

The judges were Dr. G. C. Horn of South Thomaston, Col. F. C. Knight of Rockland and Gorham Butler of Union, Dr. Horn being starter and Joseph Eastman of Warren timer.

THURSDAY'S RACES.

Thursday afternoon's races were a big card. The 2:40 class opened the ball with three starters of the nine entered. A. L. P. drew the pole, Cushnoc Jr. second, and Camden Boy on the outside. The horses were sent, with Cushnoc in the rear. A. L. P. broke badly on the first quarter; Camden Boy took the lead at the first turn and continued in that position to the finish, with Cushnoc on his wheel to the ¾ pole, where Cushnoc was seen to falter, and within a hundred yards staggered and fell, his driver having pulled him hard enough to shut his wind off. The other two heats were Camden Boy's easy, Cushnoc having been drawn. The summary is as follows:

2:40 CLASS. TROT AND PACE.

Camden Boy, g g, Frank Jones	1	1	1
A. L. P. b'k g, F. M. Simmons	2	2	2
Cushnoc, Jr., b g, E. H. Rose	3	dr	

Time—2.51, 2.51½, 2.55.

The free-for-all had eight entries and three of the horses came up for the word. Frank Nelson was an easy winner, with St. Patrick second, Harold D. third. The second was St. Patrick's heat, and the prettiest of the whole afternoon's races. He started right and led the whole mile. Frank Nelson captured the last two heats. The summary:

FREE FOR ALL—PURSE $80.

Frank Nelson, blk s, S. J. Gushee	1	2	1	1
St. Patrick, s g, M. W. Woodman	2	1	2	2
Harold D, blk g, R. W. Davis	3	3	3	3

Time—2.43¾, 2.32¼, 2.37¾, 2.40.

The three-minute class brought out six starters. The race was an easy one for the Friendship horse, Lady Florence, who took it in three straight. Iowa Maid, winner of the 2:50 class Wednesday, was drawn after the first heat. The summary following tells the story:

THREE-MINUTE CLASS—PURSE $40.

Lady Florence, g m, G. W. Benner	1	1	1
Little Gull, blk m, N. C. Kalloch	2	2	2
S. D. b s, E. E. Thurston	3	3	4
King George, b g, H. L. Turner	5	4	3
Maud, b m, A. O. Ripley	4	5	5
Iowa Maid, b m, W. L. Barrows	6	dr	

Time—2.49½, 2.47, 2.49¾.

The bicycle race had five entries, all Rockland boys, and was won in three straight by Henry Chatto, the prize being a fine gold watch and chain. C. M. Robinson was second, E. J. Burroughs third, E. R. Davis fourth. 'Twas a long race, mile heats, and the time was quite slow, being 2:59; 3:12; 2:52½.

The owners of Arthur B. and Annie Boone, the horses that were drawn from the free-for-all race on account of waiving the distance, started the horses for an exhibition heat, which was won by Arthur B. The veteran Alvin McLain drove Annie Boone and G. A. Ames drove Arthur B.

The judges were Gorham Butler, starter, Dr. Horn and Chas. G. Kiff of this city.

SOME OF THE HORSES.

Lady Florence is a gray mare, belonging to G. W. Benner of Friendship, seven years old and after Southern Boy out of a dam by the Cooper horse.

Harold D. belongs to Ralph Davis of Friendship, is a fast one, western horse, breeding unknown.

Honest Jim is the property of S. J. Gushee. He is after Robert Bonner, Jr., he by Robert Bonner, by Hambletonian 10, out of a fast Arabian mare. Jim is seven years old and got second money in the 2:38 class in Liberty. The best time was 2:32, Jim being a close second.

Camden Boy, Frank Jones of Rockland owner and driver, is a gray gelding, sired by H. M. Bean's Veni Vidi out of a Gideon mare formerly owned by Samuel Dean. He is nearly five years old and had a previous record of 2:46 made at Knox Driving Park a week or so ago.

Dinah is the property of F. S. Collins of Rumford Falls, but is in the care of H. L. Turner of Washington. Dinah was sired by Ledo out of a Knox mare. She is a fast roadster and entirely new to the track.

King George belongs to Mr. Turner. He was sired by Pedro, he by Col. Ellsworth, he by Knox, the dam being of Gideon blood. He is a fast horse but has had no track work. He was started three years ago, when four years old, in a race, and was a good second in a heat in 2:43.

Little Gull is the property of Niven C. Kalloch of Warren. She is six years old after Anderson's Knox, he by Gen Knox, Little Gull's dam being by Gen. McLellan. Last year she took second money in the green race on Union track. She has a 2-year-old colt and a good one after a son of Constellation.

Iowa Maid is owned by W. L. Barrows of Union and was brought from Iowa. Her name originally was Nume E'Lon, but Mr. Barrows changed it to Iowa Maid. She was sired by Wapsie (680) the sire of fifteen in the twenty class or better. The Maid's first dam was Tat Shepherd, the dam of Bryant, 2:36, Ringlet the dam of Albert E., 2:10 1-2 and Kingrose 2:14 1-2, both records made in June, 1894. Tat Shepherd was sired by Allendale, he by Almont. Her dam was strictly thoroughbred. Iowa Maid has never been handled for speed.

Cushnoc, Jr., E. H. Rose's horse, is after Cushnoc out of a Blackhawk mare with a record of 2:41 at Rockland.

Ethel F. Thurston's S. D. is a 6 year-old stallion after the Dunton horse out of an inbred Drew mare. He is a square trotter, with a record of 2:59 1-2 two years ago.

F. A. Shattuck's Von Hillern is after Romeo out of a dam by Gilbreth Knox, Jr. He won a race the previous Friday at Damariscotta 2.41½, and the next day drove a horse in in the free for all, in 2.30¼ and took second money. He has started in six races, has taken 1st money three times, 2d money twice, and drawn once. He is four years old and is trotting in around 2.30. In Augusta he drove Slippery Tom home in 2.30¼.

Arthur B., Annie Boone and St. Patrick are too well known to need especial mention.

A. L. P. is owned by F. M. Simmons of this city and was driven by W. D. Farnum. He was sired by Smuggler Gift, has great speed but is unsteady.

Peter K. White, who was driven also by Dr Farnum, belongs to W. S. White of Rockland. He is by Gid Withers out of a Knox and Morrill mare, three years old. Although unused to the track he acted like an old campaigner Wednesday, doing some very fine work.

Harry D. belongs to Chandler Davis of North Waldoboro and was driven by Ernest Davis. It was the first time he was ever on the track.

Maud L. belongs to M. C. Libby of Thomaston. She is four years old, after O. A. Burkett's horse out of a McClellan mare. She is a good one. F. E. Burkett drove her.

Jessie B. is owned by J. R. Burkett of Waldoboro.

T. E. Gushee's Berrymore is by Dictator Chief out of a dam by Gideon.

FAIR ECHOES.

E. E. Thurston was marshal at the races.

The Union Times bicycle was won by Walter Knowlton of Camden. David Luce of Union was one of the other contestants.

Young's Orchestra was at the track Thursday and entered proceedings with some excellent music——There was 800 entries——It was the largest attendance in the society's history——There were a number of interesting tent and table shows on the grounds.

CHINESE LOSING.

In One Line at Last Their Grip Is Weakening.

A constant wail goes up on the Pacific that Chinese are like sparrows in their ability to drive other races out. They are not infallible, however, as their greatest monopoly, the tea trade, has been wrested from them. Japan, Ceylon, Java, and the hill countries of India now successfully compete with the Chinese by raising tea that is better in some forms.

SUPREME JUDICIAL COURT

Number of Cases Tried by the Judge and Jurors.

Regarding a Rockland Schooner—Who Pays for the Trucking—Appleton's Insurance Case—Grand Jury Reports Long List of Indictments—Certain Parties Who are Not at Hand.

Israel Snow & Co. vs. David H. Ingraham, Joseph E. Madducks, Jacob A. Clifford and Cornelius Doherty, Exct. This case was entered at the March term 1894 and was on an account annexed to secure for repairs to the schooner Samuel Brown. The plaintiffs claimed that they repaired the schooner under instructions to do so from the owners. Mr. Ingraham one of the defendants who was agent for the owners or a large portion of them claimed that he instructed the plaintiffs not to make any extensive repairs. After the repairs were made the schooner was condemned and sold by the U. S. marshal but not for enough to pay for the repairs and the defendants claimed that the schooner having been so sold they were not liable for the balance which amounted to $120.91 and to recover the balance this action was brought. The case went to the jury Tuesday forenoon and after being out a short time they returned a verdict for the plaintiffs and assessed damages at $103.50.

Littlefield for plaintiffs; Campbell for defendants.

Charles H. Clark vs. George A. Sherman, Thomas B. Glover and William B. Hatch. The case was entered at the March term 1894 and was opened to the first jury Tuesday forenoon. The plaintiff was employed by the defendants to do trucking which he did and not being able to agree upon the amount due this suit was brought by the plaintiff to recover the amount of his bill. The defendants [illegible] defence that there were errors in [illegible] bill and that not so much was [illegible] claimed and had for a witness the [illegible] keeper for the firm. The jury returned a verdict for the plaintiff and assessed damages [illegible] which was substantially the amount [illegible] due. Mortland & Johnson for plaintiff; Campbell for the defendants.

Jennette E. Linscott vs. Orient Insurance Co. The writ in this action was dated the fifth day of February last and was entered at the March term 1894. The plaintiff is the owner of certain property in the town of Washington on which were the usual farm buildings consisting of dwelling house, shed and barn and also a store. In July 1893 the plaintiff had the buildings and contents insured from July 12, 1893, until July 12, 1894, $250 on frame dwelling, $50 on household furniture and wearing apparel, $50 on frame store, $150 on frame barn and $50 on hay, paying an insurance premium of $8.25. October 3, 1893, the buildings and contents were totally destroyed by fire. The proper proofs of loss were filed by the plaintiff with the defendant as required by the Company but the Company declined to pay the loss claim and this suit was brought to recover the amount for which the property burned was insured. There was no dispute as to the fact that the property was burned, but the company defended upon the ground that the property burned was not worth the amount for which they were insured but were very much over-valued. Evidence was introduced by the plaintiff to show the value of the property, and also by the defendant corporation, that upon the part of the plaintiff tending to show that it was worth very much more, while in defence it was much less. This term the defendant company filed an offer to be defaulted for $450 which was rejected. The jury returned a verdict for the plaintiff and assessed damages at $493.53. Fogler for plaintiff; Littlefield for defendants.

James Wells held on a charge of vagrancy for the Grand Jury and Charles Johnson and Henry Carlson held in a charge of creating a riot for the same purpose were discharged from arrest, the Grand Jury having found no indictments against them. Eugene Ryan for malicious mischief was also discharged for the same reason.

The cost of the Grand Jury this term was $348.18.

The Grand Jury reported Wednesday noon bringing in indictments against the following named persons:

Lawrence J. Flaherty of Boston for manslaughter. Flaherty is charged with causing death of Walter Powers. S. Thayer Kimball, esq., of Rockland will defend.

William Lynch described as commorant of Warren. He is charged in one indictment with larceny at Warren, August 13, of two rings of value of $15 and $75, and money of value of $5 from Frederick H. Spencer, and in another of a gold watch worth $120 of Harry Benjamin of Rockland. These proceedings originated before Rockland Police Court. Mr. Kimball will defend.

Frank Hooper of Friendship for setting fire to bed clothing in house of Jennie Brazier of that town on July 13 with intent to burn the house. Staples will defend. Proceedings originated before Trial Justice D. J. Starrett of Thomaston.

Cyrus Cushing of Pembroke for breaking and entering cottage of E. L. Dillingham at Camden, September 4, and larceny of gold thimble and other things, all valued at $11.25. Proceedings originated before trial Justice C. K. Miller of Camden.

William K. Clinton of Rockland for assault with intent to kill on Chas. H. Webster of Rockland at Rockland, April 6. The assault is charged to have been made by striking with or throwing a rock. Proceedings originated before Rockland Police Court. Kimball will defend.

George W. Ogier and Walter S. Wiley of Camden, two indictments for breaking and entering and larceny, and one for breaking and entering and malicious mischif. Wiley is out on bail, so is Ogier, but his bail is leg bail. There is little expectation that Ogier will be tried this term. It would be safe to bet against heavy odds that he will not. Proceedings originated before Trial Justice Miller of Camden.

Herbert Emery, for arson, burning schoolhouse at Vinalhaven. Emery is described as of Vinalhaven, but is believed now to be commorant of somewhere else. The chances of his being tried at this term are about the same as Ogier's. Proceedings originated before Trial Justice Levi W. Smith of Vinalhaven.

The other 18 indictments reported are for violations of the liquor law.

An indictment was found against Eugene Ryan of Rockport for malicious mischief in breaking a storm door and pane of glass in the cottage of C. F. Richards at Ballard Park. The proceedings originated before trial justice Simeon J. Treat of Rockport. Ryan was saved the bother of a trial and the risk of conviction by the Grand Jury having forgotten to bring this indictment in with the others they found. So he was brought in and told by the judge that though probably guilty he would not be punished this time but admonished that he had better behave better as no mishap might chance to protect him next time.

THE TRAVELLER.

He Visits the Insane Asylum and Sees Things of More Than Passing Interest.

J. A. Clark of West Rockport arrived home Friday from a three weeks trip to Augusta and other places. In Augusta he was shown through the asylum through the courtesy of Mr. A. A. Clark. The asylum farm contains 650 acres in a high state of cultivation, yielding about 500 tons of hay. There are 25 acres for ensilage, yielding about 3000 tons, and 14 acres of potatoes, giving about 3000 bushels. They are coming out finely with a few rotten ones. Clark's No. 1 and Hebron are among the varieties. There are in addition to these, 25 acres of garden produce. All these products are used in the institution, and yet it is not enough to supply the demand.

In the stable are 12 coach and driving horses and nine work horses, and they are kept busy most of the time. One span of bays, workers, weigh 3200 pounds—an exceptionally handsome pair.

For the farm work four yokes of heavy oxen are used. There are 75 dairy cows, grade Holstein, and young heifers enough coming along to keep the stock good. The output of milk is all used in the asylum. An ensilage cutter has just been put in, operated by electricity, with a capacity of one ton in eight minutes. It cuts the corn and passes it up over into the silo. Two or three men are required to feed the machine.

There are more than 700 patients in the asylum at the present time, and the accommodations are ample for this number. The attendants are very courteous and give strict attendance to the duties assigned them.

In the kitchen everything is found scrupulously clean and the materials used of the best quality. The dining rooms are pleasant and cheerful, the tables well set, and supplied with wholesome food and plenty of it. It takes an immense amount of provisions, 19 barrels of flour being used each week, and other things in proportion. The buildings are all heated by steam, and 3000 tons of coal are used to run the furnaces.

At the Soldiers' Home, Togus, everything was found in good condition, and the veterans happy and contented. Lack of time prevented the taking of many notes, but the Home will be treated in detail in later issues of this paper.

While our scribe was there Callender's Georgia Minstrels gave a performance for the delectation of the soldiers. They gave a first-class show. They will soon visit Rockland. They are all colored men and are 31 in number.

OUR VICINITY.

A fifteen-years old son of William Kelleran of Cushing broke one of his legs Monday of last week. A pair of steers ran away with him.

MANY THANKSGIVINGS.

There Should Be 365 a Year an Author Thinks.

Every day should be Thanksgiving for him whose sleep is sound and regular, says a popular author who has been a martyr to insomnia. She gives a humorous account of her fruitless efforts to sleep. But, after all, sleeplessness is not funny. True, one may resort to opiates, but that is a terrible remedy—at least as bad as the disease.

The commonest banisher of sleep is indigestion, which is responsible for more restless nights than all other causes put together.

"Six months ago," says Mrs. Fred Groves, of Miamiville, Ohio, "I was a misery to myself and everyone about me. I had a choking sensation in my throat and could not eat anything without great distress in my stomach. I could sleep only a little while at a time and was so glad when morning came. I read about Paskola, described as a food instead of a medicine, and I began taking it.

"When I had taken three bottles I could do my washing and rake the yard. My appetite is good. I sleep well and am so rested and refreshed after a night's rest, I recommend Paskola to all who are weak and starved from dyspepsia or indigestion.

Rev. A. F. Beebe, of Worth Centre, N. Y., says:

"It is a pleasure to give to the world a testimonial in regard to Paskola, for it has done wonders for myself and wife. We have taken $4.50, less than the price of one visit from our physician, yet it has done for us what no doctor's prescription or patent medicines have ever done. For twenty-five years I suffered untold miseries from a disordered stomach. After one day's use of Paskola, I have eaten any food my appetite craved, with no ill results. My wife was so reduced in flesh and vitality that we were looking for her speedy death. Today she can eat a hearty meal of anything she craves.

All druggists sell Paskola. A descriptive pamphlet will be mailed free by The Pre-Digested Food Co., 30 Reade St., New York.

OUTLOOK.

Hot times in another Southern election district. At a political rally in East Tennesee the other night two men had their skulls crushed with something weightier than tariff arguments. This is worse than some of those Boston wards.

The anniversary of the establishing of the Boston Sunday Journal was celebrated by that paper in a very pleasing way last Sunday. A thirty-two page paper was issued, inclosed in a finely colored cover, prepared expressly for the Journal at a cost of $1500, and containing many novel features. The Sunday Journal has gained thousands of readers by its originality and enterprise, never letting a week pass without presenting many strong and entertaining special articles not to be found in any other paper, as well as all the news. One hundred thousand copies were printed Sunday.

In compliance with a resolution of the Senate, introduced by Senator Pettigrew, the interstate commerce commission has compiled some data regarding the ownership of railroads by foreign governments. This is summarized as follows:

It appears that ten countries do not own or operate railways, viz: Columbia, Great Britain and Ireland, Mexico, Paraguay, Peru, Spain, Switzerland, Turkey, United States and Uruguay.

The following governments own and operate some of the railways, viz: Argentina, Australasia, Austria-Hungary, Belgium, Brazil, Canada, Cape of Good Hope, Chili, Denmark, France, Germany, Guatemala, India, Japan, Norway, Portugal, Russia and Sweden—18.

The following governments own and operate practically all their rilroads, viz: Egypt and Nicaragua—2.

The following governments own a part of their railways, but do not operate any, leasing all the present mileage to private companies, viz: Greece, Holland and Italy—3.

The relative rates charged for freight and passenger service on the government-owned railroads and the other facts cited in connection with such roads are calculated to afford little encouragement to the advocates of government ownership. A comparison of passenger charges per mile shows an average in Great Britain of 4.42 cents for first class, 3.20 for second class and 1.94 for third class. In France the average is 3.85 cents for first class, 2.86 for second class and 2.08 cents for third class. In the United States the average charge in 2.12 cents.

The average charges per ton per mile are as follows: In Great Britain, 2.80 cents; in France, 2.20 cents, in Germany, 1.64 cents, and in the United States, 1 cent.

THE GREAT RESORT.

One of "The C.-G.'s" Scribes Takes Pen In Hand to Let Us Know What He's Doing.

BAR HARBOR, Sept. 10, 1894.

Mr. Editor.—I landed here about three weeks ago from the good steamer Mt. Desert, and was greeted on the wharf by R. Fred Crie, the efficient breakwater inspector, who with his wife is pleasantly located over the new postoffice. Having come here to work on the Emery cottage, I got me thither and found in process of construction a massive stone palace costing about $100,000. The contractor is John E. Clark; the foreman, Chas. A. Candage, a former Rockland man; the superintendent of the stone cutting is John Miller, an Owl's Head man; and the boss mason is Calvin Norris. Everything goes like clock work.

There are about 50 men on the job. Ground has been broken for a stable to correspond with the cottage.

Pastor White of the Baptist Church seems tobe the right man in the right place. We shall expect to hear of successful work there.

The Blaines, and the Grants and the Vanderbilts have been here, but at the time of writing many are returning home.

CAMDEN CHAT.

Dr. P. E. Luce of Rockland and Dr. H. B. Eaton of Rockport have opened a sanitarium in Samoset cottage.

It has been rumored that Rev. Fred M. Preble had resigned the pastorate of the Baptist church. Hosts of friends will be pleased to learn that the rumor has no foundation.

ROCKPORT.

The morning of the 25th showed the first frost of the season.

A. B. Sparrow of Shirley Village, Mass., publisher of the Camden and Rockport directory, was in town last week, distributing his book. The omission to insert the Baptist church with the others in the list of churches was unfortunate, otherwise the directory is a very convenient reference volume.

Ballard Park looks lonesome this week. The last of the visitors have returned homeward and Jack doesn't understand what is the matter.

A new sidewalk has been laid from B. P. Paul's to Joe Clough's on Commercial street.

A very handsome bluebird got into the electric light opposite the Hoboken schoolhouse last week. Will Paul came to its rescue and kindly let it free.

A. P. Spear and family have returned to their home in Somerville, Mass. after a three months visit in Fort Fairfield, Houlton and Rockport.——Mrs. Ogier of Camden visited in Rockport last week.——Mr. Collins has moved into Larry Gardiner's house.

"God gave us meat, but the devil sent us cooks," is a trite saying. From bad cooking, fast eating and overeating, comes a whole train of diseases—indigestion, dyspepsia, biliousness, catarrh of the stomach, headache, dizziness, and the like. God also gave us a brainy man, who compounded the "Golden Medical Discovery," a corrective of all the ills resulting from overeating and bad blood. Dr. Pierce of Buffalo, has furnished in the "Discovery," a great desideratum in America, where everybody are in such a hurry to make money, they have no time to eat, and scarcely any time to live. It invigorates the liver, cleanses the blood and tones up the system.

Delicate diseases of either sex, however induced, speedily and permanently cured. Book of particulars 10 cents in stamps, mailed sealed in plain envelop. Address, World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.
